

SMOKER CRAFT

FISH FROM THE BOAT THAT KNOWS THE TERRITORY.

2004 FISHING BOATS

HERITAGE

For three generations, the Smoker family has handed down the art of boat building. Year by year, we've honed the quality of our construction and integrated countless innovations. And along the way, we've built a nationwide network of dealer partners and lasting relationships with the very best vendors and suppliers in the industry. For us, it all culminates today with the many families across the country who enjoy our broad lineup of fishing boats, pleasure boats and luxury pontoons. Yes, ours is a proud heritage that's worthy of passing down from grandfather to grandson. Just like every boat we build.

Welcome to Smoker Craft's 2004 fishing lineup. Each year, we find more ways to give you better experiences on the water — with innovative new boats and countless new features. This book begins with the popular Millentia series, featuring our exclusive Hydra-Lift

Rolled V-hull and dozens of fishing amenities. Next,

The all-new Ventura is designed to be ideal for both fishing and family fun, while the Pro Angler is a lower-sided boat for serious anglers. The value-minded Stiletto returns this year, as does the Cobra fiberglass fishing craft. Our Stinger

series continues to offer something for everyone at terrific values, while the Stealth is perfect for those who prefer a vinyl interior. No matter which Smoker Craft boat you choose, you can be sure that it's built to exacting safety standards set by the U.S. Coast

Guard. From flotation and fuel systems to wiring looms, boat

beams, depth and freeboard —

Smoker Craft boats are among the safest on the water. So welcome to one of the most comprehensive fishing lineups in the industry. All designed with one single purpose: Giving you more for your time on the water.

SMOKER CRAFT

2004 FISHING BOATS

Quality

At Smoker Craft, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that's built to last. After all, we wouldn't put our name on anything less.

Service

We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

History

When you get a Smoker Craft, you're getting the benefit of three generations of experience. Three generations of research and development. And three generations of relationships with the very best vendors and suppliers in the industry.

Nationwide Sales and Support

Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at www.smokercraft.com to locate the dealer nearest you.

Construction

At Smoker Craft, we're proud to offer the best construction in the industry. You'll find the same high level of quality materials and processes across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive 7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Smoker Craft is solid from stem to stern.

Safety

Every Smoker Craft boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and freeboard — Smoker Craft boats are among the safest on the water.

Broad Product Line

At Smoker Craft, our family loves boating as much as yours does. And maybe that's why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family's favorite activities and chances are, we've got a package that's perfect for you.

Resale Value

With thousands of Smoker Craft boats on the water today, Smoker Craft is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

Innovative Engineering

When it comes to engineering, the little things add up to a big difference. Ideas like one-piece bottoms, more lateral ribs, double riveted seams, 5 bottom keels, and a unique seam sealing tape, to name just a few. Simply put, our research and development team keeps Smoker Craft well ahead of the curve.

Financial Stability

You don't stay in business as long as we have unless you've earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Smoker Craft family.

Millentia

Let's get serious.

Ready to fish like the pros? Then the Millentia series was made for you. The exclusive Hydra-Lift Rolled V-hull gets you on plane quickly and gives you a smooth, dry ride. And on the 17' and 19' models, you'll enjoy such features as two 30 gallon livewells with baitwells, reinforcement for downriggers, and a stereo with CD player.

Pro Angler,
Ultima & Ventura

The new stars of our lineup.

Allow us to introduce some exciting new developments for 2004. The 172 Ventura is ideal for combining fishing with family outings. It features an attractive console with curved, walk-through windshield and bow cushion set, as well as an optional swim platform and ski tow. And the big news for serious fishing is the all-new Pro Angler. It lives up to its name — giving you a wide range of fishing amenities, including three bass seats and full instrumentation.

Stiletto LE & Cobra

You know a great value when you see it.

The Stiletto LE debuted in 2003 to rave reviews for its mix of quality, features and value. Highlights include three bass seats with six seat bases, top-loading rod storage, a 30 gallon aerated livewell and a 24 gallon in-floor fuel tank. For those who prefer to fish in fiberglass, we offer the impressive Cobra. It features full instrumentation, lighted rod storage, two battery compartments, two 30 gallon livewells with baitwells and a whopping 37 gallon fuel tank.

WARRANTY

Smoker Craft warrants each new aluminum hull for a period of ten (10) years,

lifetime warranty on all riveted seams, and each new fiberglass hull for a period of five (5) years,

from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Smoker Craft Limited Warranty is attached to each new Smoker Craft boat, or may be obtained from any dealer or the Smoker Craft factory.

FEATURES

SEATS

Comfort reigns throughout your boat, thanks to our advanced seats with pinch-proof hinges, contoured bottoms and backs, and resilient foam padding. Our roto-molded, wood-free construction ensures that the seats won't warp or rot.

CONSOLE

Select models feature our custom-molded consoles with deluxe gauges. Many boats also feature tilt steering, along with either hydraulic or anti-feedback steering. All of our consoles are ergonomically organized, with easy-to-read dials and easy-to-reach switches and circuit breakers. And, on dual console models, you'll also find beautiful Roman bronze and such amenities as a lockable glovebox and molded cup holders.

PREMIUM GRADE MARINE ALUMINUM

Our boats exceed industry standards by featuring tempered, tension-levelled 5052 H34 marine grade aluminum.

TWICE BAKED URETHANE PAINT

To give your boat a tough, long-lasting finish, we utilize an in-house paint process that begins with a special aluminum grade primer to ensure proper bonding. We then bake two coats of urethane-based paint to the hull.

APPAREL

To complete the package, we offer an exclusive line of Smoker Craft shirts, jackets and hats. For your convenience, you may order online by visiting our website at www.smokercraft.com.

COVERS & ENGINES

COMMITMENT RUNS IN THE FAMILY.

For three generations, the Smoker family has been committed to building high quality, feature-packed boats for water-loving families across the country. Your Smoker Craft fishing boat is the result of the best in design and engineering. Take a closer look, and you'll find that every detail is constructed to give you the ultimate in safety, comfort and control.

FISHERMAN'S TOP, CURTAINS AND COVERS

To top it all off, we offer the Fisherman's Top and complete curtain packages, on most models. The top, as well as the side, aft and walk-thru curtains, go up quickly and easily, and the top comes with a boot for easy storage. The bow cover and mooring cover are perfect ways to keep your boat clean and dry and ready to go.

FISHERMAN'S TOP

FISHERMAN'S TOP WITH AFT AND SIDE CURTAINS AND BOW COVER

MOORING COVER

MERCURY ENGINES

Smoker Craft is proud to offer a full line of reliable Mercury and MerCruiser power options.

MERCURY
"1 On The Water"

RAKED BACK BOW

This innovative bow design features an integrated spray rail and gives you not only a smoother, drier ride — but also more room in the bow up above. The .125 one-piece bottom and double riveted seams combine to give the bow its unmatched strength.

A CARPET

Your whole family can rely on the durability of our premium grade, 100% UV stabilized marine carpet, with a 5-year warranty.

B XL PLYWOOD FLOORS

Our floors carry a lifetime warranty, thanks to our specially treated XL plywood that's guaranteed not to warp or rot.

THE FLOW RITE LIVEWELL SYSTEM

This clever design features a fill pump that draws in water, circulating it at the bottom of the tank. An air hole in the top of the fill pipe allows air to mix with the water, keeping fish healthy. The fill pump may be operated manually or on a timer with excess water draining out of an overflow. Plus, a separate recirculating pump works in a continuous loop to keep aerated water moving in the livewell. This is especially helpful when you're refueling or drifting through stagnant water. For easy cleaning, the livewell has a bottom drain, and the hose runs through the transom, not the floor.

E 5-KEEL CONSTRUCTION

Once you've experienced the unmatched stability and handling of five external keels, you'll know why they're so important. The keels also protect your boat from objects beneath the surface, as well as from the wear-and-tear of trailering.

C URETHANE FOAM

One step aboard, and you'll notice the strength and solid support of the floor. That's because we fill every cavity with gasoline-resistant urethane foam to eliminate water pockets and give your boat maximum buoyancy and a quieter ride.

D STRENGTH

Peel back the layers, and you'll see our recipe for a stronger boat. It includes a .125 one-piece bottom, with .125 gauge hand-fitted ribs on 10" centers — the type of construction you'll find on many of our boats. Combine this lateral strength with five keels running longitudinally, and you get superior impact resistance and improved lift, handling, bottom support and protection.

THE RIB SYSTEM

Smoker Craft boats feature our hand-fitted ribs on 10" centers, for unbeatable lateral strength and rigidity.

A.I.R.S. RIB SYSTEM

THEIRS: DOUBLE PLATED

The choice is clear! Our exclusive Advanced Integrated Rib System utilizes hand-fitted, hat-shaped ribs for superior longitudinal strength and rigidity that simply outperforms our competitors' double-plated aluminum.

THE HYDRA-LIFT HULL

You'll have superior acceleration and control thanks to this exclusive specialized reverse chine design. It keeps the bow down as you accelerate, getting you out of the hole faster.

Stinger

Versatility is everything.

Welcome to the 2004 edition of the Stinger, with everything you need, no matter how you like to fish. The popular 16' models feature plenty of dry storage space, including bow and stern storage, a lockable glove box and port and starboard rod storage. You'll also have the flexibility of three movable pedestals, three bass seats and five seat bases — plus the convenience of built-in rod holders.

Stealth

Follow your own lead.

Our Stealth series is perfect for anglers who prefer the easy wash-down of vinyl flooring. These serious fishing boats range from the 17' and 16' models — which are loaded with features and storage space — to the 15 and 14 footers, designed to give you a great boat at a great value. No matter which you choose, our twice-baked urethane paint process helps keep your boat looking great for years to come.

All boats using 150+ gph
 Max 125 HP should have
 dual or helmside steering.

A white and black SmokerCraft Pro Mag & Fisherman boat is shown from a side profile, moving across a large body of blue water. Two people are seated in the boat; one is at the helm and the other is in the passenger seat. The boat has a black hull with "SMOKERCRAFT" written in white on the side. A white outboard motor is mounted at the stern. The background features a clear blue sky and a range of mountains in the distance. The text "Pro Mag & Fisherman" is written in a white, serif font in the upper right corner, enclosed in a decorative white frame.

Pro Mag & Fisherman

You're off to a great start.

Looking for a utility that will last for years? The Pro Mag gives you all the basics for a great day of fishing, including livewell, rod storage, bow platform storage, and a lockable glove box. You'll also appreciate the treated floor with lifetime warranty, as well as the five-year carpet warranty.
