

SMOKER CRAFT

America's First Family of Boats

1995

30th Anniversary

SMOKER

America's Best Built Family

Barney Smoker, founder of Smoker Craft, smiled as he recalled the early days after the Smoker Lumber Company entered the boat business by purchasing a small local boatbuilder.

Doug Schrock — President

"Being novices, we started from scratch and learned as we went along."

Well, as we celebrate our 30th anniversary, we feel we've learned a few things since then. From our humble beginnings, we've steadily risen to become a recognized leader in the industry by building boats of unsurpassed quality and value.

Our success has always been based on one simple philosophy: build a quality product you can be proud of, and that families can afford

and enjoy. As an independent, family-owned company, that philosophy has served us well, because families are at the heart of everything we do.

"Being a family-oriented company has a lot to do with our success. Since our name is tied to the product, we feel a greater responsibility to our customers as far as quality is concerned."

Doug Smoker — Vice President

Company Founder Barney Smoker with Executive Sales Assistant Susie Warstler

CRAFT

Boats For Thirty Years

Barney has guided us through a lot of changes over the last thirty years: new models, innovative designs, improved technology. We've grown from a few, basic models to a full line of quality aluminum, pontoon and fiberglass boats, with something for everyone. Inside and out, Smoker Craft boats are among the strongest, most feature-packed and long-lasting boats available today.

As fishermen, we know what makes a first class fishing boat. As a family company, we also know what makes a good, safe boat for you and your family. Our boats have always been made with families in mind.

We'll keep getting better, too.

"We don't want to be complacent. Improving safety and product design are very important. And we're still learning about boats."

For 30 years, we've been proud of the boats we've built for you and your family. And since our family name is on each boat, we've worked even harder to make sure they're built right.

"Our integrity is one of the most important factors in the way we do business."

Joe Blackburn — Chief Financial Officer

An anniversary special for a special anniversary.

Thirty years of fishing and design experience are reflected in the unique features of these splendid boats. The exclusive package includes a Limited Edition Mercury or Mariner motor.

*All boats using greater than 115 H.P. outboards should have dual or hydraulic steering.

SMOKER CRAFT

10 YEAR LIMITED WARRANTY

At Smoker Craft, quality and reliability are built into every boat we make. All of our aluminum boats are backed by a 10-year floor warranty. Over the past several years we have experienced tremendous growth.

We know this would not have been possible without high quality products and satisfied customers. Keeping you satisfied will always be our highest priority.

ACCESSORIES

Smoker Craft offers a wide range of accessories which add function and versatility. Live wells, windshield accessories, side steering consoles and swivel seats with arms are fishing boat

accessories available separately. Mooring covers and pontoon furniture covers are other selections available. Don't forget Smoker Craft jackets, shirts and hats to complete your outdoor wardrobe.

The specifications of any Smoker Craft boat are subject to change without notice. Information on the Smoker Craft warranty is available upon request. Please direct all inquiries to the Smoker Craft corporate office.
