

2001 PONTOON & FIBERGLASS

*SMOKER CRAFT*

LAUNCHING FAMILY TRADITIONS

S M O K E R C R A F T

*From left to right: Barney Smoker (Founder), Phil Smoker (Grandson),  
Doug Smoker (Son, Vice President), Tim Smoker (Grandson).*

Summertime at the lake. From toting your little ones to towing your teenagers — it's all about bringing your family together on the water.

For three generations, the Smoker family has built boats to make it all happen. Powerful, feature-packed boats for all your favorite activities. With the kind of solid, durable construction your family can trust.

High-spirited runabouts. Versatile deck boats. Luxurious pontoons. Smoker Craft truly offers some of the most innovative boats in the industry. So take us for a ride. Launch your family's love affair with the water.

**8526 MATISSE**  
PONTOONS | 2001

Watching your neighbors turn green is just the icing on the cake.

It all starts when you pull up in your new 8526 Matisse. And by the time you've politely mentioned all its luxurious features, their faces will never look the same.

Just picture it - cushy U-shaped seating, deluxe fiberglass galley with a stove, front table with a built-in cooler, Sony® CD Player with 4 speakers - we could go on and on.

The 8526 Matisse also turns heads with its superior construction. It features 25" diameter tubes, all-aluminum transom, aluminum bottom skin, anodized deck trim and rotocast furniture bases. And behind the wheel, you'll love the double helm chair with slider and luxury console with VDO gauges.

The 8526 Matisse. Feel like indulging yourself? Go right ahead.

## 824 4.0 CRUISE

PONTOONS | 2001

### If you're the family's Activity Director, this is your dream come true.

We know how it is—you've got a lot of people to please. That's why there's the 824 4.0 Cruise.

Pre-dawn fishing trip? It's ready to go with a built-in livewell, two bass seats, lockable rod box and vinyl flooring in the stern for easy clean-up. Planning a day on the water? You'll love the changing room, the sundeck, the L-group seating with new one-piece arm rests, and the 9' bimini top. Ready to kick back with an evening cruise? Slip behind the wheel into the highback helm chair, pop in your favorite cassette and entertain in style.

In addition, the 824 4.0 Cruise offers many crowd-pleasing options, including a galley with stove and sink, a Porta-Potti<sup>®</sup>, a Sony<sup>®</sup> CD player with 4 speakers, boarding ladder, ski tow and much more.

Admit it—when they're happy, you're happy. So take a closer look at this year's 824 4.0 Cruise.

## 820 SUNSPORT

PONTOONS | 2001

### Good luck getting them in for dinner.

Get a 820 Sunsport, and you open up a world of possibilities on the water. Cruising, swimming, skiing, sunbathing—you name it. This popular pontoon combines impressive construction with terrific features for a great value. Plus, its many options let you customize it to fit your family.

For rugged reliability, the 820 Sunsport has 23" diameter tubes, 3/4" plywood deck and an all-aluminum transom (all with a lifetime warranty). For safety, all three gates feature our Post-Lock® latches.

This year, we've added an optional rear entry with boarding ladder, newly styled one-piece arm cushions and a 20% bigger seat box for increased comfort and storage. In addition, the 820 Sunsport is designed to easily accommodate a 4-stroke engine.

Of course, the water is endlessly fascinating. But with all the options of the 820 Sunsport, what they'll discover is each other.

## FEATURES

### PONTOON & FIBERGLASS

#### Console

Slip into the helm chair and you'll love the feeling of control. Many of our models feature custom-molded consoles with luxury VDO gauges. On all our boats the gauges are easy to read, with the switches and circuit breakers right at your fingertips. Many of our fiberglass models offer tilt steering, along with either hydraulic or anti-feedback steering. On dual console models, you'll also find a lockable glove box, molded cup holders and other amenities.

#### Seats

To ensure the highest quality, all our seats are built here by us. Resilient foam padding provides long-lasting comfort and support, and our handsome, high-grade marine vinyl is both durable and easy to clean. And for your safety, we install every seat with pinch-proof hinges.

#### Apparel

Your boating wardrobe will be complete with exclusive Smoker Craft shirts, jackets and hats. Simply order online by visiting our web site - [www.smokercraft.com](http://www.smokercraft.com)

# TRUE CHARACTER

## CONSTRUCTION PONTOON & FIBERGLASS

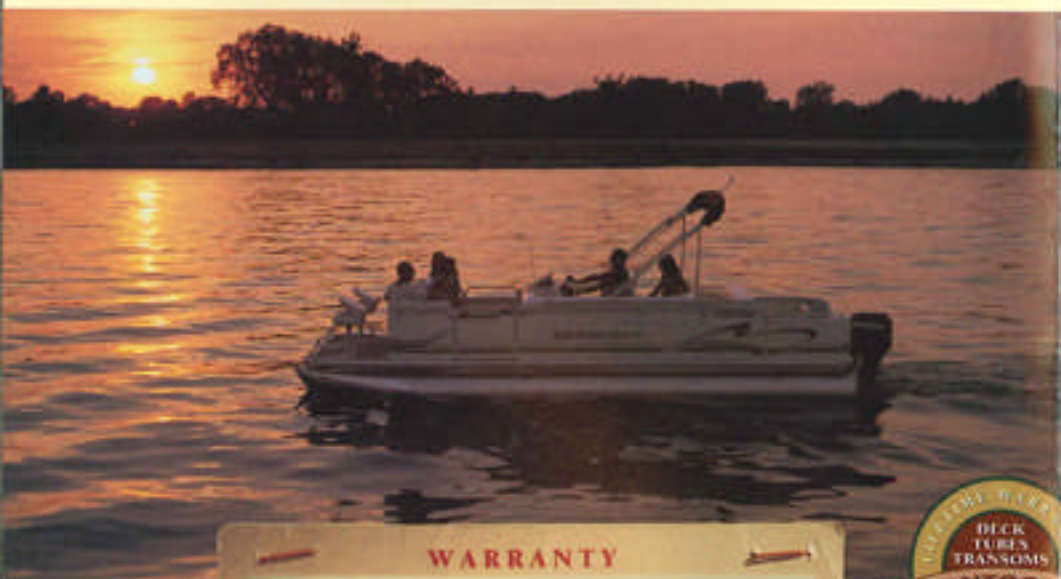

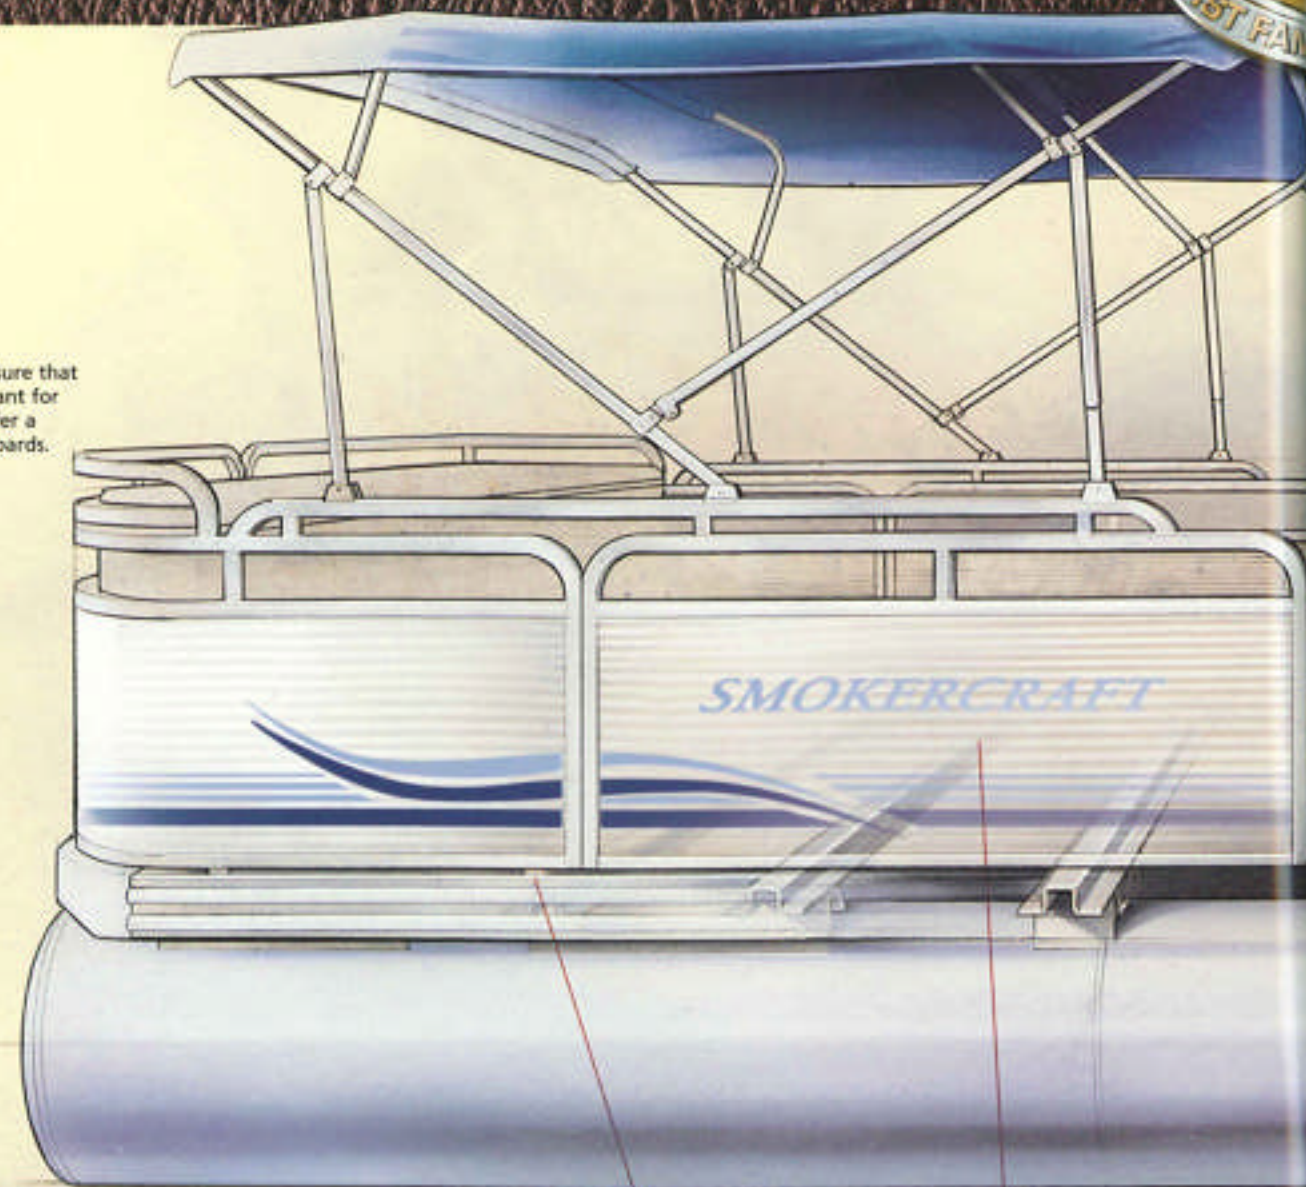

### Commitment runs in the family

For three generations, the Smoker family has been committed to building high quality, feature-packed boats for water-loving families across the country. Your Smoker Craft boat is the result of the best ideas in design and engineering. Peel back the layers and you'll find that every detail is constructed to give you the ultimate in safety, comfort and control.

### Yamaha Engines

The choice is yours. To ensure that you get the power you want for your Smoker Craft, we offer a full line of Yamaha® outboards.

### WARRANTY

Smoker Craft warrants each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Smoker Craft Limited Warranty is attached to each new Smoker Craft boat, or may be obtained from any dealer or the Smoker Craft factory.

### "V" Transom

All-aluminum. Lifetime warranty. When it comes to the transom, performance starts with a "V". This special design reduces spray and prevents cavitations in turns, while fins provide lift for better water flow and faster speeds.

### Full-Length Keel/Skid Bar

Full-length 1/2" aluminum keel. One great idea - four reasons why. Our full-length 1/2" aluminum keel protects the tubes while trailering, deflects debris, enhances steering & control and helps prevent drifting.

### Aluminum Bottom Skin

On 8526 Matisse, 8526 Saturn, 8526 Saturn I/O, 8522 Saturn, 8522 Saturn I/O, 8522 Serenity I/O. Our aluminum bottom skin allows your pontoon to glide smoothly across the water, helping your engine operate more efficiently and saving you fuel, even at higher speeds.

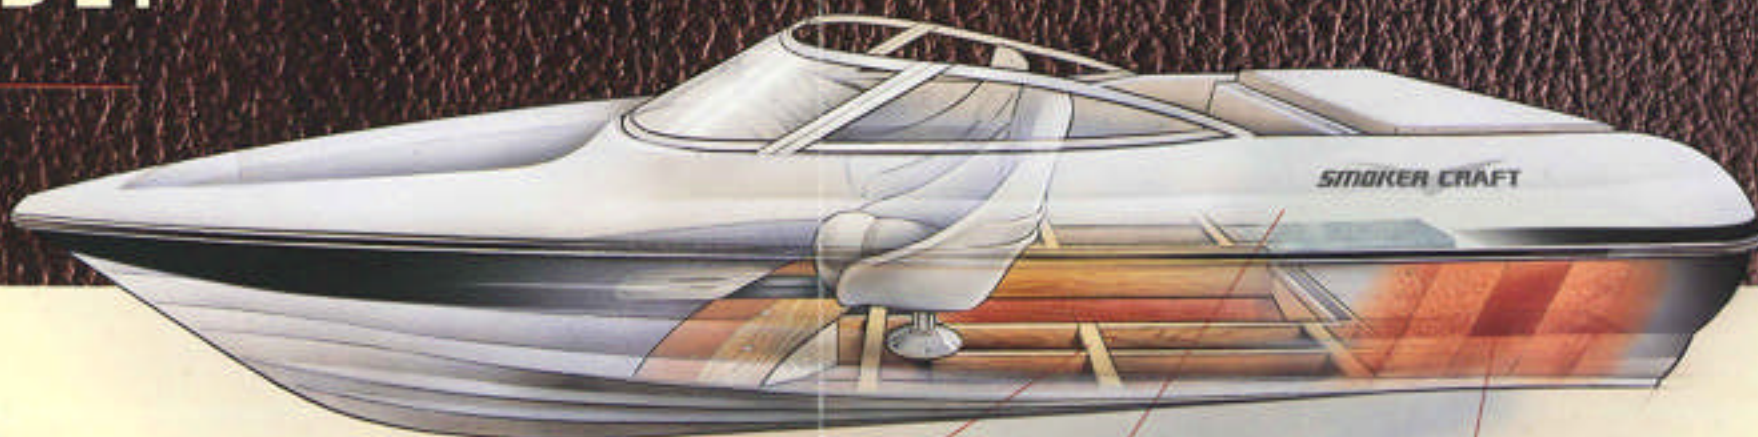

### Spacers

3/8" from deck. Increases airflow. Prevents dirt, mold and mildew from collecting. Since everyone's happier in a drier boat, we've put spacers between the fence bottom and the deck to allow water to drain off easily and cut carpet drying time in half.

### Fencing

Aluminum panels (.030) are grooved and foam-backed. Anodized 1 1/4" railing. Baked-on paint. The little things make a world of difference. Like foam-backed panels to prevent rattling. Supplemental cross members for added strength. And anodized railings to prevent unsightly black residue and keep that show-room shine.

# IS WHAT'S INSIDE.

## Gates

**Posi-Lock® latches.**  
**Pinch-proof protectors.**  
For everyone's safety, our gates feature Posi-Lock® latches. And we've also added pinch-proof protectors between the gates and the rails.

## Deck

**Marinetech PTP 7-ply pressure treated plywood. Lifetime, transferable warranty.**  
Every pontoon floor is built with 3/4" pressure-treated plywood that won't warp or rot. The floor is securely screwed and through bolted to the hat channels for a powerful hold.

## Carpet

**Plush pile 20 oz. carpet. 100% U.V. stabilized polypropylene. Five year warranty.**  
Your bare feet will appreciate our plush, seamless marine carpet. For extra durability, we bond it to the deck with marine adhesive and 200 lbs. of rolling weight, and stainless steel staples fasten it to the perimeter of the deck. Three colors and styles are available.

## Stringer System

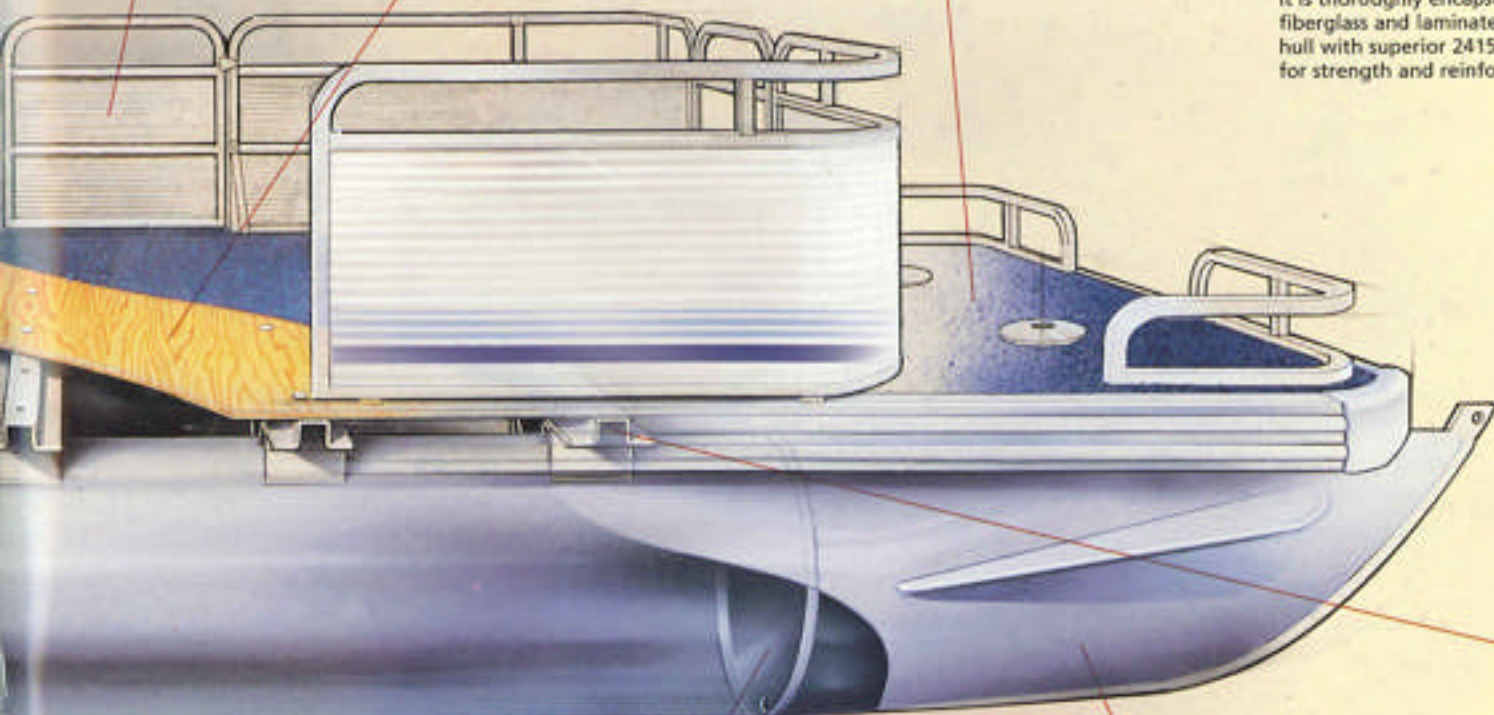

Our pre-assembled, interlocking stringer system, built with pressure-treated wood, provides the backbone of the rugged hull. It is thoroughly encapsulated in fiberglass and laminated to the hull with superior 2415 Fab-Mat for strength and reinforcement.

## Marine Gel Coat

Our glass boats are finished with an ISO NPG Marine Gel Coat that produces a high gloss look that lasts for years and resists chipping, cracking and fading.

## 7 Layer Construction

Every Smoker Craft fiberglass boat features a 7-layer construction process. It all begins with our superior hand-polished and waxed molds and proceeds through every detailed step to the final hand rolling to ensure the elimination of air pockets.

## Lounge Furniture

**Rotocast bases. Thick, 33 oz. vinyl treated with Stain Resistant Topcoat (SRT). Biocide treated foam.**  
When it comes to furniture, you want comfort, durability and of course - good looks. And in a Smoker Craft, you get it all. Our reliable Rotocast bases stand up to years of use and provide dry storage areas. Thick foam padding and high grade marine vinyl give you long lasting comfort that will stay bright and attractive season after season.

## Tube Construction

**Heavy .080 gauge. Welded chambers. Air filled. Air tested. Lifetime warranty.**  
Since safety starts with the tubes, we advise you to take a closer look. Ours are heavy gauge (.080), with welded chambers to keep you afloat even if a section is punctured and rear anti-electrolysis drain plugs for easy draining. In addition, our air filled tubes make the pontoon lighter, giving you more power with better fuel economy.

## Nose Cone

**Anti-puncture skid bar. Two 13" nose cone fins. Extruded aluminum cap adds strength and prevents sharp edges.**  
You get a smoother, drier ride as the sharp edge of our nose cone knives cleanly through the water while the fins deflect water away from the boat. The anti-puncture skid bar runs the entire length of the tube for protection and added steering and tracking control.

## Cross Channels

**8" (or 8.5") x 6" x 1/8" aluminum hat channels. Double through bolted onto deck risers.**  
Our pontoons get their strong foundation from aluminum hat-shaped cross channels which are secured to the deck risers every 24" for exceptional deck support and structural integrity. These actually double the amount of Z-channels used in other pontoons.

## COVER & ENGINE OPTIONS

PONTOON & FIBERGLASS

### Tops, Curtains and Covers

To protect your pontoon and maximize your fun, we have covers for every situation. The Playpen cover snaps easily to the top fence rail, keeping leaves, twigs and other debris out of the boat. Get the right amount of shade with our Bimini Top and Double Top. And, you can even turn your pontoon into your own personal campground with our Camper Top, featuring windows you can open and close for privacy and protection from the elements. Our fiberglass runabouts come standard with a color-coordinated Convertible Top, and many models offer optional side and aft curtains, as well as bow and mooring covers.

## 818 SUNSPORT FISH

PONTOONS | 2001

### Pile on the kids and pass out the poles.

Let's face it, if you're considering a pontoon, you're looking for roomy versatility. And with the 818 Sunsport Fish, you get a feature-packed value that's ready to fish.

Whether you take the kids, or slip out on your own, you'll appreciate the built-in livewell, lockable rod storage and comfortable bass seats. Not to mention the 8' bimini top and high back helm chair. And when the big ones are done biting, you've got a fun-filled boat for the whole family to enjoy.

Cruise in style with cushy L-group seating, AM/FM stereo cassette and a table with built-in cup holders. And customize your Sunsport with your choice of options, including boarding ladder, Sony® CD player, windshield, and docking lights.

So rig the poles and pick a spot, with the 818 Sunsport Fish, there's room for everyone.

## V210 ORBIT & ALANTE SERIES

FIBERGLASS | 2001

### The perfect wake for the sky-scrappers in your life.

These days, there's something for everyone at the end of a tow rope. Your youngest brings all her friends tubing. Your teenager likes to show off his strength with his wakeboard tricks. And you... you still love slicing your slalom effortlessly across the lake. Fortunately, there's a Smoker Craft that does it all: the V210 Orbit.

Like all our fiberglass boats, the V210 Orbit features 7-layer construction and ISO NPG Marine Gel Coat. It comes standard with a wake board tower, 37 gallon fuel tank and boarding ladder. And the whole gang can stay out for hours with plenty of storage and 2 built-in coolers.

For those who prefer to stay inside the boat, there's a rear sundeck, bench seating and removable bow cushions. And if you're spending most of the day at the helm, you'll appreciate the high back captain's chair with slider.

In addition, be sure to take a look at the full line of Alante series runabouts. With so many to choose from, you'll find just the right spice for your life.

## 2310 COMMANDER

FIBERGLASS | 2001

**Go ahead. Spoil them a little bit.  
You won't regret it.**

This is your time. No carpools. No conference calls. And with the luxury of the 2310 Commander, you'll be certain to make the most of it.

We've thought of everything. From the 55 gallon fuel tank, to the Porta-Potti®, to the impressive storage space – you'll be free to spend the whole day on the water.

What's your pleasure — cruising, swimming, skiing? You'll love the sundeck, the cushy seating groups, the table, and all 10 of its cup holders. And you'll make good use of its rear entry, bow and stern boarding ladders, and ski eye.

And if you're lucky enough to be the captain, you'll really feel pampered by the double helm seat with slider and the stylish console and gauges. Like we said before, it's your time – let the 2310 Commander help you lose track of it.

All boats using OBs greater than 125 H.P. should have dual or hydraulic steering.

# TEN GREAT REASONS TO JOIN THE FAMILY.

## **Quality**

At Smoker Craft, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that's built to last. After all, we wouldn't put our name on anything less.

## **Service**

We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

## **History**

When you get a Smoker Craft, you're getting the benefit of three generations of experience. Three generations of Research and Development. And three generations of relationships with the very best vendors and suppliers in the industry.

## **Financial Stability**

You don't stay in business as long as we have unless you've earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Smoker Craft family.

## **Nationwide Sales and Support**

Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at [www.smokercraft.com](http://www.smokercraft.com) to locate the dealer nearest you.

## **Construction**

At Smoker Craft, we're proud to offer some of the best construction in the industry. You'll find the same high level of quality materials and processes

across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive 7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Smoker Craft is solid from stem to stern.

## **Broad Product Line**

At Smoker Craft, our family loves boating as much as yours does. And maybe that's why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family's favorite activities and chances are, we've got a package that's perfect for you.

## **Safety**

Every Smoker Craft boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and freeboard — Smoker Craft boats are among the safest on the water.

## **Resale Value**

With thousands of Smoker Craft boats on the water today, Smoker Craft is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

## **Innovative Engineering**

When it comes to engineering, the little things add up to a big difference. Ideas like welded tubes, aluminum hat channels, full-length keels, anodized railings and 7-layer fiberglass construction, to name just a few. Simply put, our Research and Development team keeps Smoker Craft well ahead of the curve.

## We know how you like to play.

Sometimes tearing up the water, and sometimes taking it as easy as you can. That's why at Smoker Craft we offer so many different family pleasure boats and packages. High-energy runabouts. Fish-N-Cruise pontoons. Luxurious deck boats. With room for just a few good friends, or room for the whole family and then some.

[www.smokercraft.com](http://www.smokercraft.com)

have spent their summers in our boats. And that's not something we take lightly. For us, it means three generations of trust. And three generations dedicated to giving

you unparalleled safety, comfort and control.

So take a closer look. In among all the lists of specifications and features you'll not only see some great boats, you'll get the full story of our family's commitment to life on the water.

For three generations, families like yours

**Your family tradition starts here.**
