

# SMOKER CRAFT

2002 FISHING

*Generations behind us put us generations ahead.*

FIND A DAY LIKE TODAY,

When families work together for over 25 years, it is clear that mutual respect is the unwritten law. The legacy of the Schrock and Smoker families is over seven generations of experience in the art of boat building. Our world is ever changing, but the stability of Smoker Craft is unprecedented. We invite you to join our boating families and be part of "America's first families of boats."

Pictured from left to right: Harold Schrock (Chairman), Doug Schrock (President), Tad Schrock, Bradley Schrock, Peter Barrett, Nate Barrett.

**The advantage of a Smoker Craft.** You'll be glad you've got it, next time there's a day when all you want to do is get out there and fish. Whatever your style — big water or small, alone or with the kids, trolling quietly or shooting from spot to spot. Your Smoker Craft gives you a perfect fishing experience.

That's because our family-run boat company has been building high-quality fishing boats for three generations.

## AND YOU'LL UNDERSTAND PERFECTLY.

Sleak, feature-filled boats for serious anglers and roomy, comfortable interiors for the whole family. With state-of-the-art design and top-of-the-line construction. In short, your Smoker Craft is a boat that proudly wears our family name.

In today's world, family is more important than ever. And we believe that boating — at our lakes, parks and rivers — offers the best way for families to spend quality time together. So take a few minutes to get to know the newest generation of Smoker Craft fishing boats. Find out how to make this day just the first of many.

AFTER ALL, GETTING THERE  
SHOULD BE HALF THE FUN.

*Millentia 21' to 19'*

Whether you're slipping through the pre-dawn mist or shooting out of the hole to your favorite spot, you're going to love being at the helm of a Millentia. And once you're there, you'll make the most of its great fishing features.

The 21, 192 and 191 models all feature livewells that are lighted, aerated, recirculating and timed, as well as an on-board battery charging system, a rigging tube for add-ons and a built-in compass. They also feature a higher engine mount that puts more freeboard in the water, giving you a safer, drier boat as well as 12 more inches of room and 3-5 mph better performance.

And this year, the entire Millentia line-up features new bigger bass seats, new graphics and a durable new pearlstone base paint. All of which accompany some of the best developments in design and technology, including our Rolled-V hull, 5-keel construction and impressive storage space.

So this year, consider going with a Millentia. Because the way we see it, where the dock ends, the fun begins.

THE HYDRA-LIFT HULL.  
ONE OF THE QUICKEST WAYS  
OUT OF THE HOLE.

*Millentia 17' to 16'*

The 17' and 16' Millentias all feature Smoker Craft's exclusive Hydra-Lift Rolled-V hull. The specialized reverse chine design keeps the bow down during acceleration, getting you on plane faster, with more precise trim control. The Millentia also features our 5-keel construction, to give you better control when cornering and extra stability on windy days. And five external keels provide additional protection from unseen objects beneath the surface.

Naturally, the 17' and 16' Millentias are also packed with plenty of fishing amenities. Like 30 gallon bow and stern livewells/baitwells that are lighted, aerated, recirculating and timed. As well as port and starboard rod storage, 2 battery compartments, 24 gallon fuel tank and toe kicks. In addition, all Millentia models feature new bigger bass seats, new graphics and a durable new pearlstone base paint.

So get better acquainted with an exciting new 2002 Millentia — and discover how quickly the Hydra-Lift hull will lift your spirits.

WELL AT LEAST  
YOUR FAMILY WILL KNOW  
WHERE TO FIND YOU.

Especially if they're out there fishing with you. And in a new Ultima, who could blame them? This year, our all-new 192 Ultima OB and I/O join the 182 model to create an impressive line-up of serious fishing boats the whole family will enjoy.

The Ultima series features roomy interiors with versatile seating arrangements. Note the walk-in bow seating with 2 removable rear seat systems. In addition there are 5 seat bases, 2 movable pedestals and 3 bass seats. Other highlights include trolling motor panel, anti-feedback steering, 40 gallon fuel tank, lighted rod storage, 3 battery compartments (2 on the 182), a battery level gauge and reinforcement for downriggers. Also new for this year is the 192 I/O model, and it is impressively rated up to a V-6.

Make no mistake — the Ultima is still a great getaway vehicle. Only now, you're likely to have a little more company.

# FEATURES

## FISHING

### CONSOLE

Many of our models feature custom-molded consoles with luxury style gauges. On all our boats the gauges are easy to read, with the switches and circuit breakers right at your fingertips. Tilt steering is widely available, along with either hydraulic or anti-feedback steering. On dual console models, you'll also find a lockable glovebox, molded cup holders and other amenities.

### SEATS

Smoker Craft seats feature pinch-proof hinges for safety and roto-molded, wood-free seats, that won't warp or rot. Contoured bottoms and backs with resilient foam padding provide long lasting comfort and support.

### APPAREL

Your boating wardrobe will be complete with exclusive Smoker Craft shirts, jackets and hats. Simply order online by visiting our web site - [www.smokercraft.com](http://www.smokercraft.com)

### COMMITMENT RUNS IN THE FAMILY.

For three generations, the Smoker family has been committed to building high quality, feature-packed boats for water-loving families across the country. Your Smoker Craft fishing boat is the result of the best ideas in design and engineering. Peel back the layers and you'll find that every detail is constructed to give you the ultimate in safety, comfort and control.

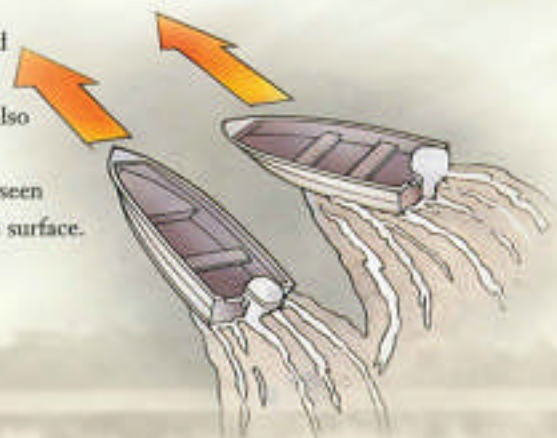

#### THE HYDRA-LIFT HULL

Our Hydra-Lift hull features a specialized reverse chine design that keeps the bow down during acceleration, getting you out of the hole and on plane faster with more precise trim control.

#### 5-KEEL CONSTRUCTION

Up to 5 external keels give you better control when cornering and extra stability on windy days. They also provide additional protection from unseen objects beneath the surface.

#### PREMIUM GRADE MARINE ALUMINUM

Smoker Craft boats feature tempered, tension leveled 5052 T34 marine grade aluminum, heavier than the industry standard.

## ALLOW US TO SHOW YOU

**TWICE BAKED URETHANE PAINT**  
Smoker Craft employs an in-house paint process that starts with a special aluminum grade primer to assure proper bonding, and bakes two coats of urethane based paint to the hull. This process increases toughness and provides a finish that's durable, scratch resistant and protects the color and styling of your boat for years to come.

#### XL PLYWOOD FLOORS

Our floors are constructed with specially treated XL plywood that won't warp or rot and has a lifetime warranty.

#### YAMAHA ENGINES

The choice is yours. To ensure that you get the power you want for your Smoker Craft, we offer a full line of Yamaha® outboards.

#### URETHANE FOAM

After the floor is installed, we fill every cavity with gasoline-resistant urethane foam to eliminate water-collecting pockets and give the floor solid support and strength. This also provides maximum buoyancy while giving your Smoker Craft a quieter ride.

#### CARPET

Our premium grade, easy-to-clean 100% UV stabilized marine carpet is backed by a 5 year warranty.

WHAT WE'RE MADE OF.

**STRENGTH**

Many of our Smoker Craft boats feature a .125 one-piece bottom with .125 gauge hand-fitted ribs on 10" centers giving you tremendous lateral strength and rigidity. Combine that with 5 keels running longitudinally, and you get superior impact resistance and improved lift, handling, bottom support, and protection.

**RAKED BACK BOW**

It all starts with a .125 one-piece bottom and double riveted joints for increased strength. Our innovative raked-back bow design with integrated spray rail gives you a smoother, drier ride and more room in the bow up above.

**A.I.R.S. RIB SYSTEM**

When you're in rough water, strength is everything. That's why our hulls feature the exclusive Advanced Integrated Rib System. Unlike our competitors' double-plated aluminum, this rock-solid structure of hand-fitted, hat-shaped ribs provides tremendous longitudinal strength and rigidity.

**THE RIB SYSTEM**

Many of our boats feature .125 gauge hand-fitted ribs on 10" centers, giving you tremendous lateral strength and rigidity.

**THEIRS: DOUBLE PLATED**

**Lifetime Warranty On All Riveted Seams**

**WARRANTY**

Smoker Craft warrants each new aluminum hull for a period of ten (10) years, lifetime warranty on all riveted seams, and each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Smoker Craft Limited Warranty is attached to each new Smoker Craft boat, or may be obtained from any dealer or the Smoker Craft factory.

**10 YEAR WARRANTY YEAR 5**

**THE FLOW RITE LIVEWELL SYSTEM**

The fill pump draws in water, pumping it into the livewell so it circulates at the bottom of the tank. An air hole in the top of the fill pipe lets air mix with the water, creating the aeration necessary to keep fish alive and healthy. The fill pump can be operated manually or on a timer with extra water draining out of an overflow. A separate recirculating pump works in a continuous loop to keep aerated water moving in the livewell. This is ideal for times when the outside water is undesirable, like when you're refueling dockside or drifting through stagnant water. For easy cleaning, the livewell has a bottom drain, and the hose runs through the transom, not the floor.

# COVER & ENGINE OPTIONS

## FISHING

### FISHERMAN'S TOP, CURTAINS AND COVERS

Stay high and dry with the Fisherman's Top and complete curtain package, available on most Smoker Craft models. Whether it starts to rain, or you simply need a little shade, the top and side, aft and walk-thru curtains go up quickly and easily. In addition, the top comes with a boot for easy storage. The bow cover and mooring cover keep your boat clean and ready to go.

IT'S ALL WITHIN REACH.

*Stinger*

The Stinger series. Great boats with plenty of features and unmistakable Smoker Craft styling. All at a great value.

Perfect for family fishing, the 2002 Stingers offer the versatility of dual consoles, single consoles or tiller models and come with an impressive array of standards and options. Like 3 bass seats and 4 seat bases, 25 gallon aerated livewells (24 gallons on the 151, 150 & 141), rod storage on the 16' and 17' models, trolling motor plug and navigational lights. And of course the Stingers have exceptional Smoker Craft construction features such as Semi-V hulls (Rolled-V on the 172), treated floors with lifetime warranty, premium carpet with 5-year warranty and twice baked urethane paint.

So take a closer look at this year's line-up of Stingers. They're easy to love and very easy to own.

SMOKERCRAFT

STEALTH

172

YOUR KIND OF BOAT,  
FOR YOUR  
KIND OF FISHING.

*Stealth & Cobra*

At Smoker Craft, we build boats to suit your style of fishing. That's why we offer the vinyl floored Stealth and the fiberglass Cobra lines.

This year, we've expanded our Stealth series to include new 16' and 15' single console models along with the 14' single console and 17' dual console. Their vinyl flooring makes these boats ideal for salt water conditions and makes cleanup a snap. Naturally, they also feature some very serious fish-chasing equipment, especially the 172 which sports 3 bass seats, port and starboard rod storage, bow and stern livewells and a 31 gallon fuel tank. In addition, it offers the peerless control and handling of 5-keel construction.

For 2002, we've also included the V180 Cobra OB. Its 7-layer fiberglass construction can take on big, rough water and it features impressive amenities, including anti-feedback steering, lighted rod storage, 2 battery compartments, 30 gallon bow and stern livewells, baitwell, trolling motor panel and motor tilt switch.

The Stealth and the Cobra. Further proof there's a Smoker Craft that's just right for you.

PRO MAG

SMOKERCRAFT

TRUST US.  
THESE ARE DAYS HE'LL  
NEVER FORGET.

*Pro Mag, Big & Super Fisherman*

And in a Pro Mag, it's just you, him, the fish and nothing in between. Two bass seats, rod storage, lockable glove box, 5-year carpet warranty, navigational lights, and most importantly, an aerated livewell to get the catch home safe and sound.

Not a lot of bells and whistles, but we're pretty sure it'll get him hooked for life.

SPECS

# TEN GREAT REASONS TO JOIN THE FAMILY.

## QUALITY

At Smoker Craft, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that's built to last. After all, we wouldn't put our name on anything less.

## SERVICE

We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

## HISTORY

When you get a Smoker Craft, you're getting the benefit of three generations of experience. Three generations of research and development. And three generations of relationships with the very best vendors and suppliers in the industry.

## FINANCIAL STABILITY

You don't stay in business as long as we have unless you've earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Smoker Craft family.

## NATIONWIDE SALES AND SUPPORT

Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at [www.smokercraft.com](http://www.smokercraft.com) to locate the dealer nearest you.

## CONSTRUCTION

At Smoker Craft, we're proud to offer the best construction in the industry. You'll find the same high level of quality materials and processes across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive

7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Smoker Craft is solid from stem to stern.

## BROAD PRODUCT LINE

At Smoker Craft, our family loves boating as much as yours does. And maybe that's why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family's favorite activities and chances are, we've got a package that's perfect for you.

## SAFETY

Every Smoker Craft boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and fireboard — Smoker Craft boats are among the safest on the water.

## RESALE VALUE

With thousands of Smoker Craft boats on the water today, Smoker Craft is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

## INNOVATIVE ENGINEERING

When it comes to engineering, the little things add up to a big difference. Ideas like one-piece bottoms, more lateral ribs, double riveted seams, 5 bottom keels, and a unique seam sealing tape, to name just a few. Simply put, our research and development team keeps Smoker Craft well ahead of the curve.
