SMOKER CRAFT & MERCURY

192, 172 & 171 Fazer

If you take your fishing seriously, the Smoker Craft Fazers are the boats you're looking for. They're loaded with so many features, all you have to do is add the fish. Spacious live wells with Intensive Fish Care Units, deluxe tackle trays with individual watertight compartments, lockable rod storage, custom-molded consoles with full instrumentation, movable

seats, ample storage space and so much more. You'll have no trouble at all getting to the best fishing spots because the deep V hulls and rake-back bows give you one of the smoothest, driest rides you'll find, no matter how rough the water is. With a Fazer, you'll have a lot of fun doing some serious fishing.

192 Fazer Standards: Port & Starboard Bow Live Wells (21 Gal. Each) with ICU Fish Care Unit • Bow Storage • In-Floor Storage with Tempres Hatch • Courtesy Lights • Deluxe Tackle Tray • Lockable Storage Port Console • Glove Box • 4 In-Floor Seat Bases • Rear Live Well (9 Gal.) with ICU Fish Care Unit • Battery Condition Check • Front Panel with Trolling Motor Plug • 6-Gauge Trolling Wire • Lockable Rod Storage Port & Starboard • 3 Bass Seats • Stationary Driver's Pedestal with Slider • Full

Instrumentation • Radio with Antenna & 2 Speakers • Horn • Circuit Breakers • Built-In 30 Gal. Gas Tank • Rear Storage • 4 Cleats • Bilge Pump • Walk-Through Windshield • Top & Boot • Port & Starboard Custom-Molded Console.

192 Fazer Options: Side Curtain • Aft Curtain • Bow Cover • Walk-Through Curtain • Mooring Cover • Bow Cushions • Stern Cushion • Sleeper Seat • Dual or Hydraulic Steering.

Power and Performance Working Together

The Best Built Have Our Family

Left to right: Barney Smoker, Joe Blackburn, Doug Schrock, Donn Huber, Doug Smoker, Rita Vandenoever.

Our Success

Our success as an independent, family-owned company is based on a simple philosophy: Build a quality product you can be proud of, and that people can afford and enjoy.

Smoker Craft boats stand out from the crowd because of their superb, long-lasting construction and because they have some of the most practical, intelligent and enjoyable features available in the boating industry.

Our deep rolled "V" hull and flared, rake-back bow give you one of the smoothest, driest rides you'll find.

They provide better stability, cut through the water cleaner and contain the spray under the bow.

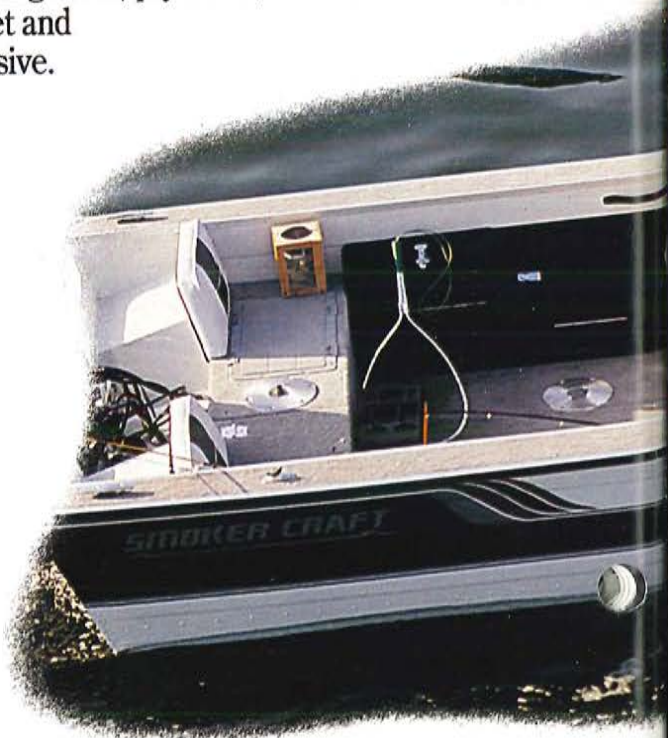

You'll also appreciate the rock-solid construction of Smoker Craft boats. Our aluminum boats are riveted, not welded, for better stress-flex, greater strength and durability.

We use five keels for stability and longitudinal strength, and we also place ribs on eight-inch centers, giving you up to 13 ribs for lateral strength.

And for overall strength, our .076 sides and .080 bottoms are among the thickest on the market. We're also one of the few manufacturers who take the time to lapstrake our sides. This means putting curves in the metal to make it stronger and harder.

For long-lasting safety and protection, our floors are built with specially treated wood, and a gasoline-resistant, urethane foam is injected beneath the floor for maximum flotation. We feel so

strongly about the quality of our floors, we back them up with a 10-year limited warranty covering labor, plywood, carpet and adhesive.

Family Boats Name On Them.

Many of our spacious live wells feature our exclusive Intensive Fish Care Units, or ICUs. The ICUs create a circular flow at the bottom

of the live well that washes all fish slime out of the overflow for cleaner water and healthier fish.

Ample storage room is everywhere you look: up front, in the console, along both sides and in the rear. There's plenty of room for everything! And many of the storage doors are lockable for added safety.

Drivers will love our console design. All gauges and displays can be easily seen, and there's room on top for graphs as big as 10 inches, thanks to our raked windshield. Many consoles also feature built-in Tempress tackle trays with individual, watertight compartments.

The list of outstanding features just keeps going, with Smoker Craft quality, performance and value found throughout our entire line.

From the tough functionality of our Jon Boats to the fully-rigged and appointed Fazers and Pro Mags; from the simple pleasures of our open fishing boats to the sporty thrills of the Fazer Fish & Ski; from the relaxed enjoyment of our pontoons to the rugged adventurousness of our popular Western boats, Smoker Craft has just the boat for you.

We're proud of the boats we build for you and your family, and since our family name is on each one, we work harder to make sure they're built right.

We don't want our name on a boat we don't have a personal stake in.

First Family of Boats

Having a family is a wondrous experience, and with the effort needed to raise a family right, the rewards are very special.

It requires patience, strength and an unwavering dedication to instilling the values and beliefs that are so important in helping each of us cope with an ever-changing world.

It's not easy, but all that hard work results in exceptional feelings of contentment, pride, joy and satisfaction; feelings you just won't find anywhere else.

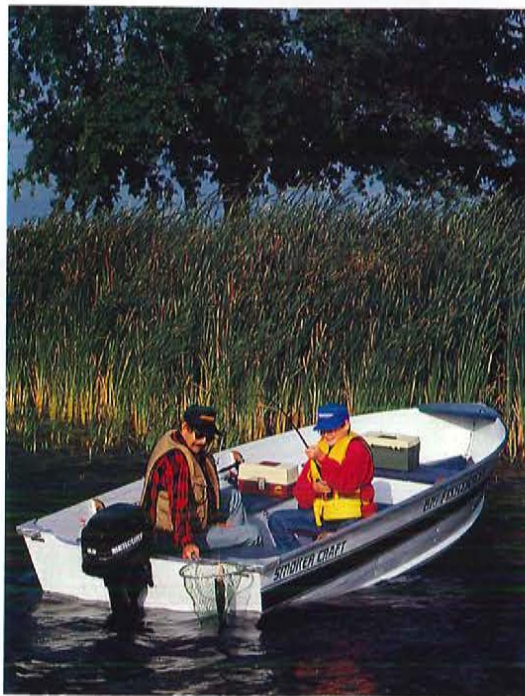

Except in a family.

Smoker Craft knows very well the rewards of having a family. We know a lot about hard work, too. We've been successfully building boats known everywhere for their impressive quality and value for almost 30 years. And we've done it as a family.

We started as an independent, family-owned company, and we're staying that way. Our philosophy is that there is more to being a successful business than just making a profit. There is pride in building something right, and when your family name is on it, you work even harder to make it right.

Smoker Craft has grown over the years through our dedication to new ideas and new ways to make our boats even better. You know that when you buy a Smoker Craft, it has exactly what you need to give you the most boating enjoyment you'll find—and more.

Like plenty of storage space, especially lockable rod storage. Built-in tackle trays with individual watertight compartments. Deep "V" hulls for the smoothest, driest ride. Riveted construction for extra strength. Spacious live wells. Intelligent floorplans for more comfort and room.

And most importantly, our boats are safe. Each boat is subjected to a rigorous quality testing program, and we back them up with our tough 10-year limited warranty to provide peace of mind for you and your family.

From bow to stern, our boats reflect the knowledge, experience and innovation necessary to keep growing. For example, our unique Intensive Fish Care Units (ICUs) now

come with timers to make them even more efficient and beneficial.

When new models are added to our family of boats, their fresh designs reflect what boating enthusiasts have been looking for, like our new 182 Pro Mag. It's filled with standard features and thoughtful touches you won't find anywhere but on a Smoker Craft.

No matter what kind of boat you need—fishing, sport, pontoon—Smoker Craft has it. And each boat is made with your family in mind, because families are important to us.

We're not interested in being the biggest boat company around. We would rather keep building boats families can afford and enjoy. That's where our satisfaction and our reward comes from.

You put a lot of time and effort into your family, and when you take them fishing or for a leisurely cruise across the lake, you want that time to be special.

So do we, because we know how precious that time is.

In fact, that's our company founder, Barney Smoker, enjoying a little fishing with his grandson Tim, the son of our Vice President, Doug Smoker.

Family time is special to us, too.

1993

SMOKER CRAFT & MERCURY

Power and Performance Working Together

As an independent, family-owned company, Smoker Craft takes great pride in building boats of unsurpassed quality and value, and in being recognized as an industry leader.

We also take great satisfaction in seeing Mercury and Mariner motors on our boats. Well-established as leaders in their own field, Mercury and Mariner have long set, and continue to set, the standards of performance, engineering and quality in boat motors.

Their complete lines offer something for everyone, and include outstanding features like electronic CD ignition, single-point variable-ratio oil injection, loop charging, Electronic Fuel Injection and smooth, quiet state-of-the-art carburetors.

And only Mercury and Mariner have a three-year limited corrosion failure warranty, one of the best in the business.

For the best names in boating, look no further than Smoker Craft, Mercury and Mariner.

10-Year Limited Warranty

At Smoker Craft, quality and reliability are built into every boat we make. All of our aluminum boats are backed by a 10-year limited warranty. Pontoons feature the XL50/50-year floor warranty. Over the past several years we have experienced tremendous growth. We know this would not have been possible without high quality products and satisfied customers. Keeping you satisfied will always be our highest priority.

Accessories

Smoker Craft offers a wide range of accessories which add function and versatility. Live wells, windshield accessories, side steering consoles and swivel seats with arms are fishing boat accessories available separately. Mooring covers, pontoon furniture covers, oars and paddles are other selections available. Don't forget Smoker Craft jackets, shirts and hats to complete your outdoor wardrobe.
