CELEBRATING
OVER 36 YEARS OF FISHING BOAT
INNOVATION EXCELLENCE!

"The real voyage of

discovery...

consists not in seeing new landscapes but in having new eyes."

Marcel Proust (1871 - 1922)

Smoker Craft has earned the distinction of being the unchallenged leader in aluminum boats in the N.W. and one of the most popular brands in the country.

HOW?

Simple...Smoker Craft builds boats the way their customers want them built. Smoker Craft's 36,000 square foot Stayton, Oregon facility produces boats ideally suited to Western fishing tastes. Boats that are wide, deep, stable and wonderfully fishable.

Developing new products through the eyes of the boater's who will use them is where each Smoker Craft starts. In the West, it's common for a boater to fish a lake one week, go crabbing the next week and take the family out "tubing" the week after that. Smoker Craft understands these demands and has taken every opportunity to listen and then incorporate those desires into some of the most popular boat designs on the water.

Decade-after-decade Smoker Craft continues to "raise-the-bar" with features like Smoker Craft's exclusive AIRS construction, lifetime seam warranty, and one-piece bottoms that result in the best built boats in their class. Add to that, a long list of standard features and you'll find that Smoker Craft gives you more boat for your boating dollar.

Having a plant in the West allows Smoker Craft to deliver the service its customers expect. Local manufacturing means the boats are properly designed for the application and you're never far from service should you need it.

It's all about experience and knowing what to do with the experience you've gained from being in business. Understanding what's important to your customers is only half the job, the other half is incorporating those ideas into practical solutions that enhance your boating experience.

Every element of every boat Smoker Craft builds has been thoroughly evaluated to deliver the best value and best performing boats in their class. It's a unique difference that you'll see, feel and experience.

At Smoker Craft you'll know we're committed to your satisfaction, not by what we say but by what we do.

SMOKER CRAFT...WHERE INNOVATION AND VALUE MEET.

Experience freedom's flight in Smoker Craft's popular Osprey Series. Just like its namesake, the Osprey is a serious fishing machine that's loaded with standard features and beautifully designed for all-seasons fishing. State-of-the-art engineering is matched to stout, lifetime construction that efficiently transforms horsepower into awe-inspiring performance. Smoker Craft's Osprey...now you can fly to the fish!

Reflecting...
the spirit of its namesake, this is a fishing boat through-and-through!

The perfect combination of bottom width and length, Smoker Craft Sportsman boats are stable, secure fishing and utility boats that feature tough all-welded construction in a design that runs like the wind with minimal horsepower. Hunting, fishing, crabbing, or cruising...your opportunities are endless in a Smoker Craft Sportsman. Married to an outboard jet, Smoker Craft's Sportsman Series will glide across shallow riffles and into areas propeller-driven boats only dare to venture!

Durable...

versatile and easy-to-own,
Smoker Craft Sportsman!

20' SPORTSMAN DLX SIDE CONSOLE

OPTIONS & FEATURES

Customize...

your Smoker Craft to your precise needs.

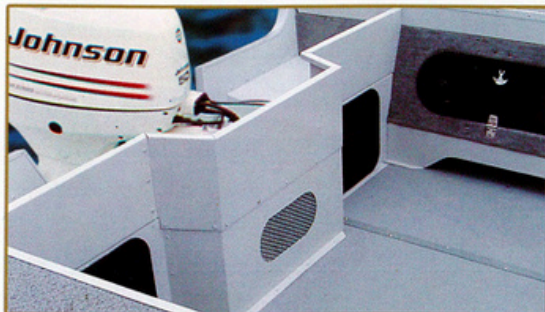

BOW STORAGE

When it comes to storage, we know you can never have enough, that's why you'll find cavernous bow storage opportunities in nearly every model we build.

FULL WIDTH SPLASHWELL

For boaters looking for greater security in open water, Smoker Craft has designed a Full Width Splashwell assembly that raises the entire height of the splashwell 8 inches. Available on 17' Osprey DLX only.

BOW RAILS

Add security to your Smoker Craft with attractive yet stout bow rails. The design of these rails keeps the deck completely open for safe anchoring and boarding.

STERN SEATING

Available only on 17' and 19' Osprey DLX packages, these convenient stern seats add comfortable seating for additional passengers, are removable and available by the pair.

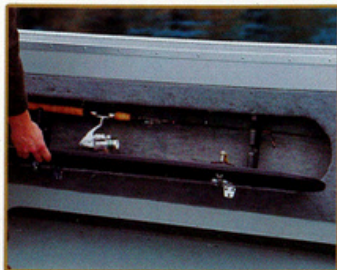

WINDSCREEN

For an extra measure of comfort and protection, add this attractive and functional windscreen to side console and center console models.

LOCKABLE ROD DOORS

Keep your rods out of harms way and under lock and key with this practical solution to rod and reel protection. Available on 16' DLX, 17' DLX, and 19' DLX Osprey packages.

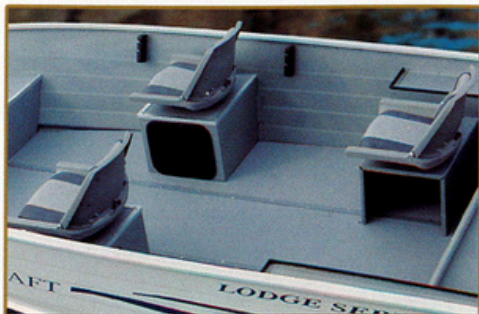

15' ALASKAN SPLIT SEAT SIDE CONSOLE

Customize your 15' Alaskan Split Seat with this side console option which includes a complete steering system.

ANGLER'S VALUE PACKAGE

Add a seating package easily to your 13' and 15' Split Seat Alaskan or 15' and 16' Lodge Split seat models. Includes 3 swivel seats mounted to seat storage boxes and an anchor release.

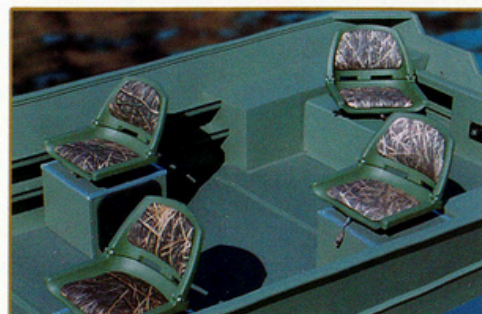

16' LODGE SS GUIDE SEATING

Convert your 16' Lodge Split Seat into a 4-seat fishing machine with this innovative option. Includes: an extra storage seat box, 4 seats, and an anchor release.

SPORTSMAN GUIDE SEATING

Transform your Smoker Craft Sportsman easily with this welcome seating package. Upgrade includes: 3 additional storage seat boxes, an anchor release, and 4 seats on swivel bases.

The Difference Between
ACCEPTABLE &
Exceptional

There's a rule at Smoker Craft and it's where we start with each boat that rolls out of the factory, "build only what you'd want to own yourself." With Smoker Craft, the closer you look the better the boat looks. You'll find more detail, stronger construction, and a long list of standard features so you get more for your boating dollar. With Smoker Craft there's a difference you can see, feel and take to the bank.

CONSTRUCTION

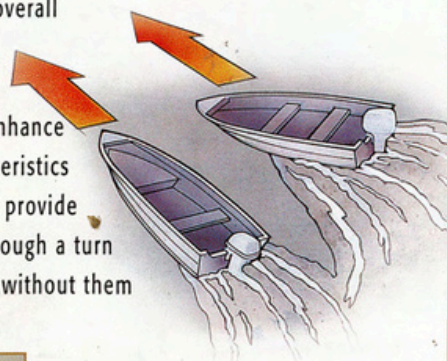

ADVANCED INTEGRATED RIB SYSTEM

Smoker Craft innovated AIRS to deliver the strongest, most seaworthy boats in their class. A Smoker Craft exclusive, AIRS uses a series of transverse ribs across the bottom to provide latitudinal support and a series of hand-fitted super-strong hat channel ribs in the bow to provide superior longitudinal strength. The result is rock-solid construction that's designed to withstand the bumps and bruises of all-seasons boating.

5 KEEL CONSTRUCTION

In addition to Smoker Craft's one-piece bottom and AIRS construction is the unique 5 external bottom keels that add even more strength to the bottom as well as assist in the overall performance of the boat. These keels help protect the bottom, add longitudinal strength and enhance the tracking and planing characteristics of each boat. Bottom keels help provide necessary control for carving through a turn or holding a line while trolling...without them the boat won't handle properly.

PANELAM FLOORING

Boat decks are one of those areas that often go unnoticed...that is, until they fail. Warped and rotten floorboards can be dangerous and waterlogged flooring material robs performance by adding unnecessary weight. Smoker Craft has overcome troublesome flooring problems with Panelam™ decks that are easy to clean, won't warp, rot, delaminate or soak up water. It's just one of the dozens of items that makes Smoker Craft Boats better and trouble-free.

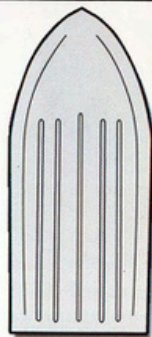

THE OPTIONS AND SPECIFICATIONS OF ANY SMOKER CRAFT BOAT ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Johnson

ONE PIECE BOTTOM

To achieve optimum performance, realize superior strength, and enjoy the consistency the engineers had intended, it's essential that the bottom of the boat be built from one-piece of marine grade aluminum. Every Smoker Craft starts with a one-piece bottom, it's the foundation that the rest of the boat will be built around. Simply stated, a one-piece bottom assures you'll get the most out of your boating experience.

INTEGRATED SPRAY RAIL

Boating comfort is more than soft seats. The way a boat rides, walk-thru space and keeping water out of the boat are all essential comfort elements. Smoker Craft's unique integrated spray rail knocks spray down and away from the boat, so you stay dry and the water stays where it should...in the water.

MORE USABLE SPACE

You'll notice that in Smoker Craft's forward helm models that feature walk-through windshields, there's more usable space behind the windshield where you spend your time fishing, cruising and relaxing. More space means more room to fight fish, stretch your legs out and keep your gear stored out of the way, more room to be comfortable and enjoying your time on the water.

**Lifetime
Warranty
On All
Riveted
Seams**

Smoker Craft warrants each new aluminum hull for a period of ten years from the date of purchase by the original purchaser (based on years of use under normal recommended operation conditions) as described in the warranty folder. A copy of the Smoker Craft Limited Warranty is attached to each new Smoker Craft boat, or may be obtained from any dealer or the Smoker Craft factory.
