STARCRAFT[®]
the great escape machines!

You are holding the key to escape.

If today's headlines make you want to reach for an Alka-Seltzer, turn to the pictures of our new fiberglass boats. Gaze at their sparkling beauty and let your mind wander to the smell of fresh air, the sound of waves pounded flat by the elegant hulls, the slight tug as skiers rise to the surface and thrill to *Starcraft's* performance. Perhaps you have to make the most important call of your career. Maybe the incessant jangling of the phone has tied your nerves into square knots. *Escape*, my friend. Turn to the fishing boat section. Admire the well-planned interiors and all the elbow room *Starcraft* has given you this year.

Right now, let's try some instant therapy. Cast out the line. Hear it whistling? Your wrist is nearly stiff from constant winding, the water breaks, the lunker jumps, the hook is solid, the hair tingles on the back of your neck. Now what was that problem of yours?

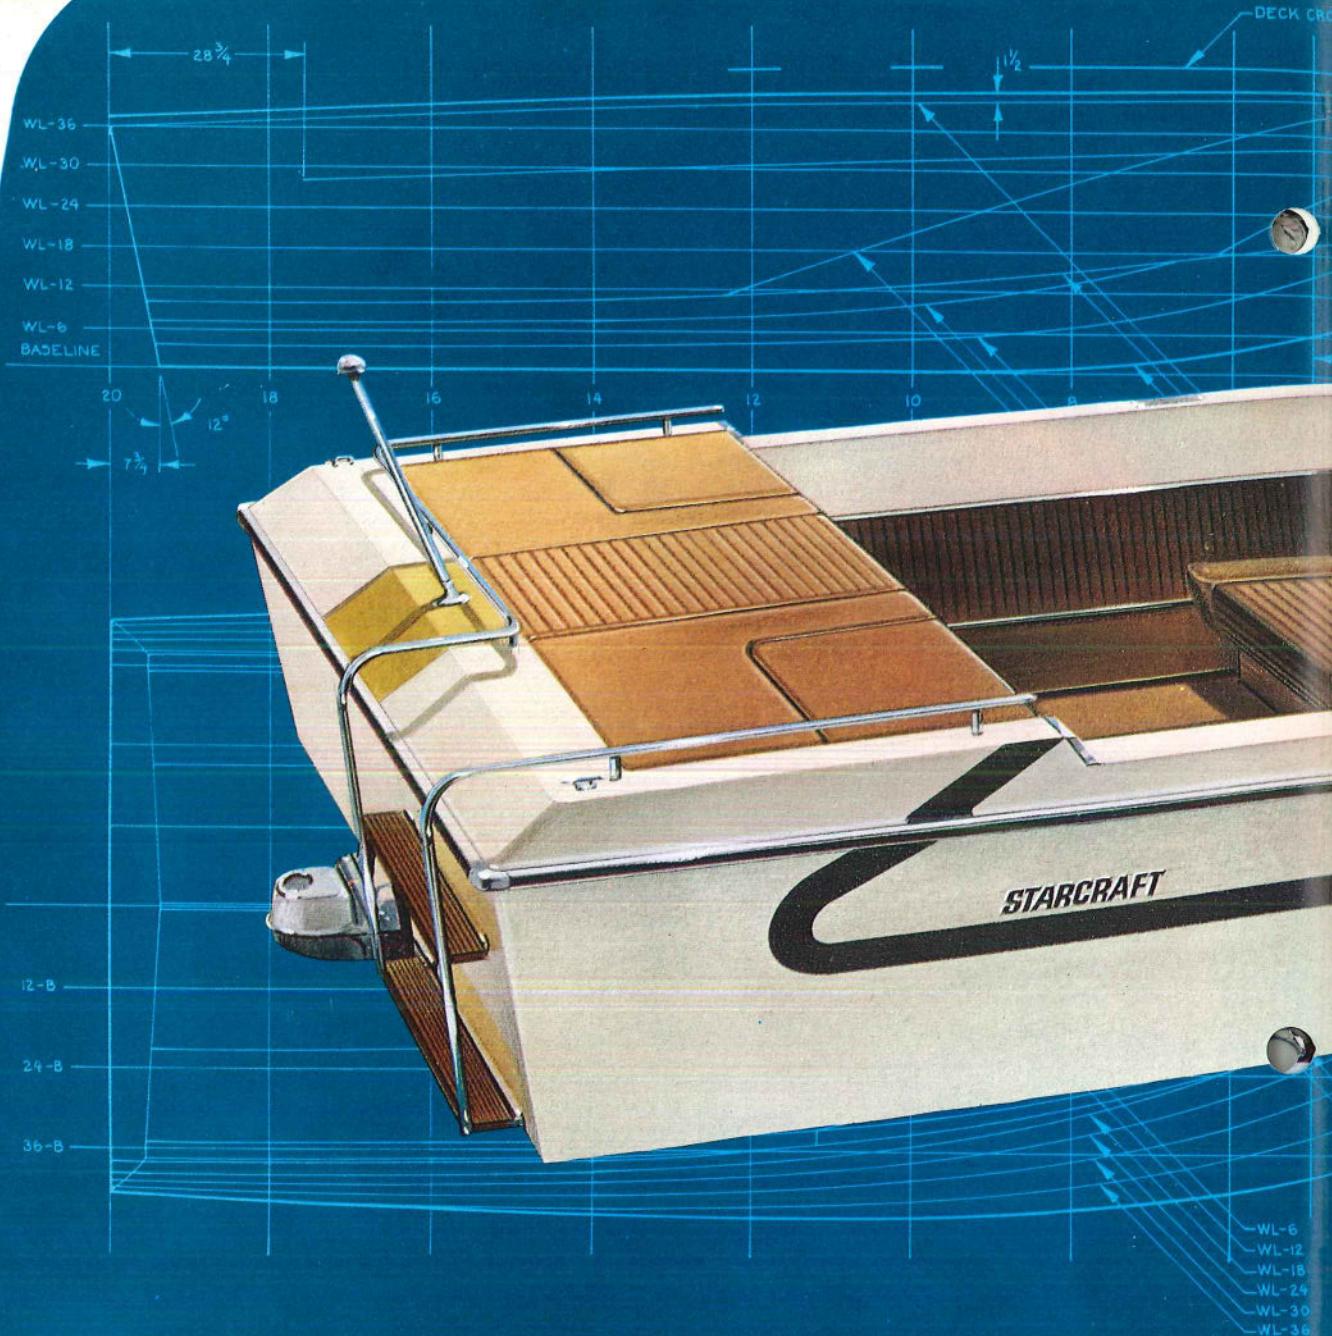

We invite you to escape in another way. Turn to the construction section of this catalog. Get to know what *Starcraft* quality means. Maintenance problems are virtually nonexistent. This year is your best chance to escape without hang-ups or break-downs.

And look at the long list of standard equipment. There's no escaping the truth that feature for feature, *Starcraft* gives you more boat.

The great escape machines are the closest route to serenity this side of a psychiatrist's couch. Listen to some soothing words from your *Starcraft* dealer this week.

What's great about the great escape machines?

The V-200 Fiberglass Runabout says it best. It's what Starcraft is all about.

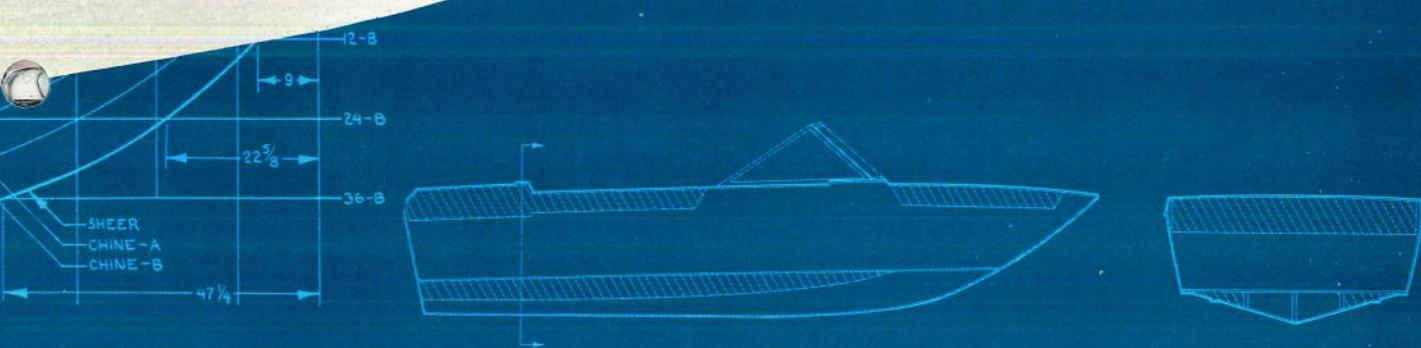

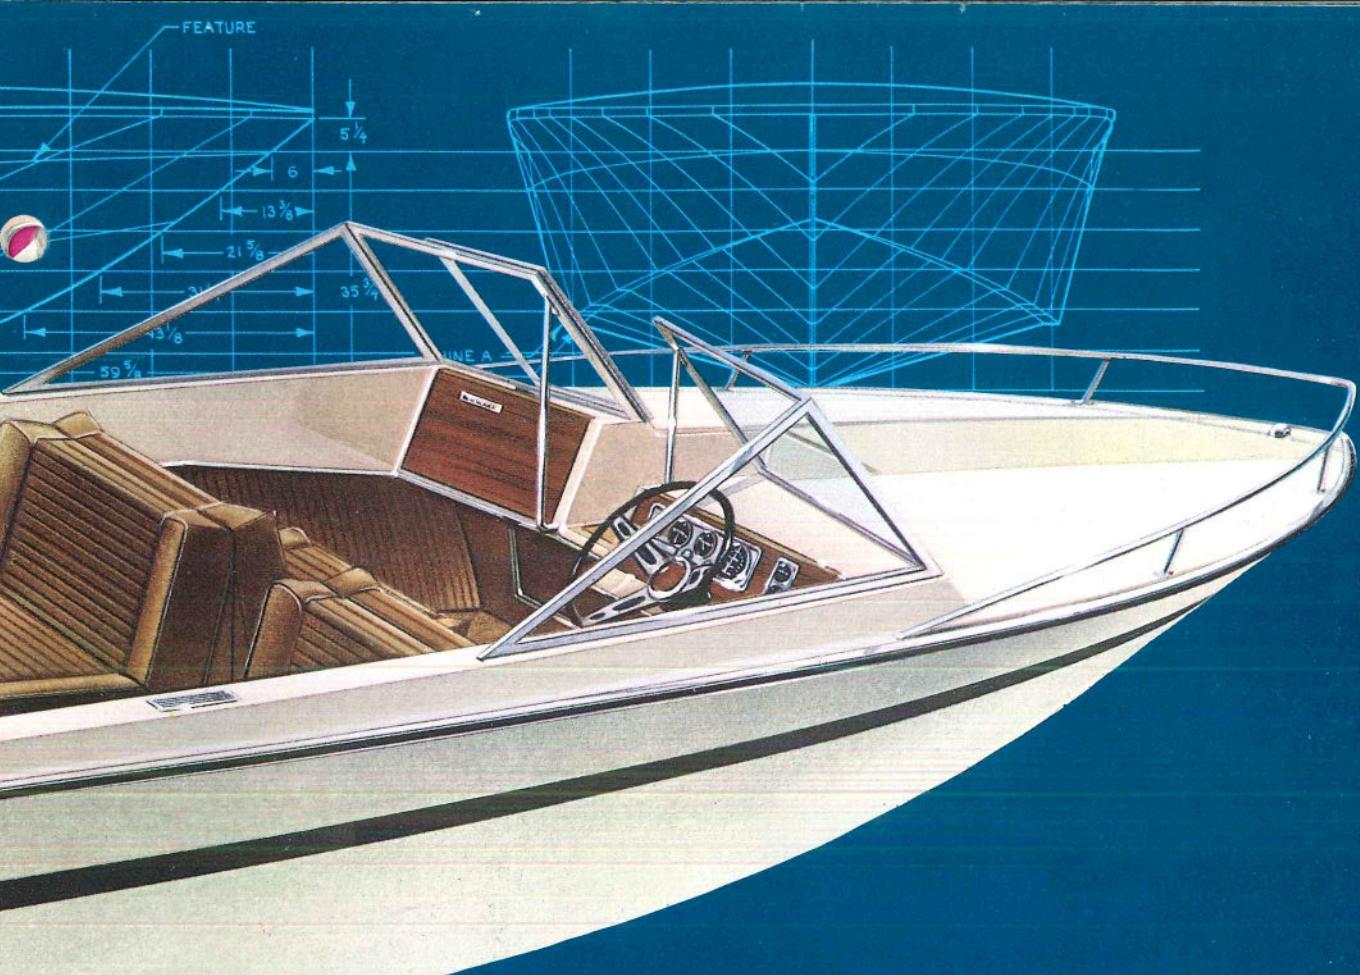

New styling that turns heads, even in Detroit. Rakish new bows that'll turn you on.

New sports car interiors that are clean. And performance that won't quit.

The V-200 is boss of the new Starcraft line. A real screamer. Drop up to 215 horses in the stern and let 'er boom.

One other thing. The V-200 is quality engineered. Take

the new flotation design in the fiberglass models. Foam flotation material is scientifically placed so it's balanced under the entire deck and along the outer edges of the hull. If the boat takes on water, it goes to a center tunnel along the keel, fills it, and creates its own ballast to hold the boat in an upright position. Simple. Effective. Safe. Another way Starcraft says quality is with an extra effort in providing customer convenience. Human Engineering is the scientific name, but at Starcraft it means little things like placing tie-up cleats where you can reach them, making adjustable headrests on the sleeper

lounges, weather proofing the center windshield openings and including complete top groups on most models. We could overlook these things. It would be faster. And cheaper. But it wouldn't be Starcraft. And if it isn't Starcraft, it isn't a great escape machine.

STARCRAFT WARRANTY

All registered Starcraft boats are warranted for a period of 12 months from the date of purchase against defects in materials and workmanship. Further, riveted aluminum hulls are warranted for 15 years against metal fatigue, cracks, and/or popped rivets in normal recommended use. During the warranty period, Starcraft will repair any defect in the structure of the boat. Repairs can be made at any of our franchised servicing centers located throughout the United States and Canada.

The franchised servicing center reserves the option to return the boat to the nearest Starcraft factory for the repairs. In this case, there will be minimum handling charge involved.

The judgment of our factory trained experts is final as to the extent of liability. Any repair made as a result of an accident, neglect, alteration, or abuse will be made at a charge to the owner.

OTHER THAN AS HEREIN STATED STARCRAFT MAKES NO WARRANTY OF MERCHANTABILITY AND THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.

V-160

FIBERGLASS RUNABOUT I.O. & O.B.

Shutdown! You're top eliminator in V-160.. Blast off in the boat that looks and acts like a water rocket. Sports car interior equipment: convertible lounge seats with adjustable head rests; convertible top and curtains on I.O. model (optional on O.B.); unique and functional deck styling.

Colors: Bermuda Cream hull and deck, Blue interior.

V-180

FIBERGLASS RUNABOUT I.O. & O.B.

Thunder away from the everyday. What XKE is to sports cars, V-180 is to sports boats. Convertible lounge seats with adjustable head rests. Curved safety glass windshield with walk thru center door. Personal glove box. Complete convertible top group. Power options to 165 h.p. I.O. or the largest outboard you can buy.

Colors: Bermuda Cream hull and deck, Gold interior.

V-150 DELUXE

FIBERGLASS RUNABOUT O.B.

Full bore and flat out. Conquer any water course. Look around V-150 and admire it. Strictly GT inside and out. Curved plexiglass windshield with full curved wings and center vent; chrome trimmed steering wheel; two convertible sleeper seating units.

Colors: Bermuda Cream hull and deck, Black interior.

TR-170

FIBERGLASS SPORTABOUT I.O. & O.B.

Declare a holiday from the ho hums. Plane out to your favorite spot and then settle in like a houseboat. Other things worth celebrating: fiberglass front cockpit hatch cover; safety glass windshield with walk thru center door; convertible top, side and aft curtains; convertible sleeper seats with adjustable headrests; comfortable roomy cushioned bow compartment.

Colors: Bermuda Cream deck, Rally Green hull, Green interior.

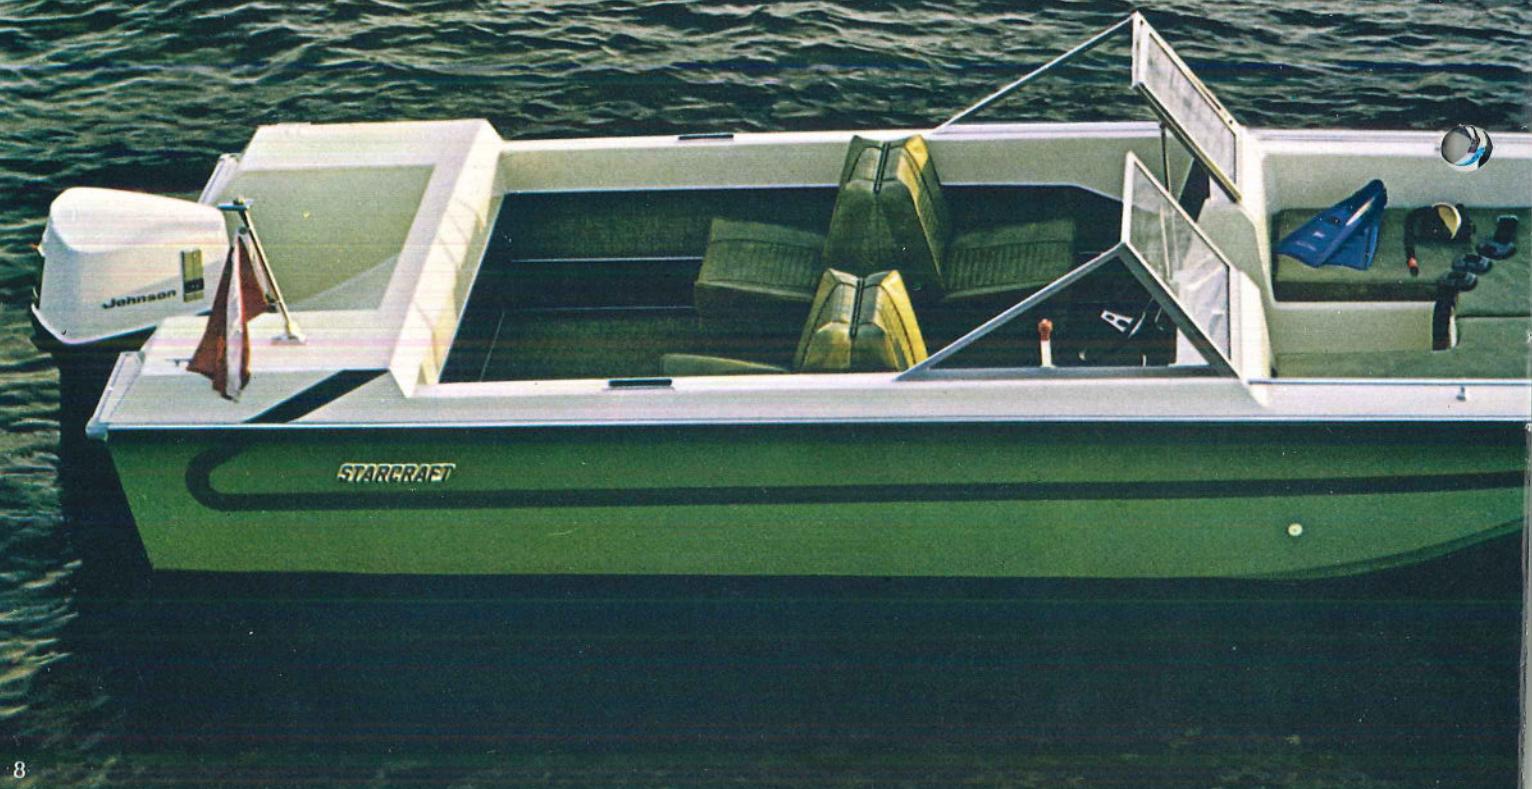

TR-150

FIBERGLASS SPORTABOUT O.B.

Cross a wake and slap it flat. This new tri-hull smooths out the roughest water then holds you super steady whether you're scuba diving or playing a fish from stem to stern. Other pleasures: fiberglass front cockpit hatch cover to weather proof rear cockpit; convertible sleep seats; safety glass windshield with center walk thru door; cushioned bow seats.

Colors: Bermuda Cream deck, Medallion Gold hull, Gold interior.

SHOWN WITH ACCESSORY WINDSHIELD

V-150 MODIFIED

FIBERGLASS RUNABOUT O.B.

Slip into this mod red hydro-dragster that squeals spray instead of rubber. Look on top. Be on top. Back-to-back ski seats. Teleflex Saf-T steering with rally sports wheel.

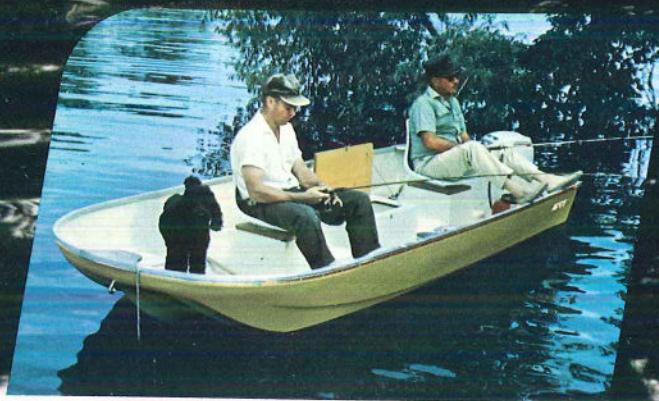

Colors: Matador Red hull and deck, Black interior.

V-140 MODIFIED

FIBERGLASS RUNABOUT O.B.

Modified for real action, skiing, or sport boat rallys. Clean! No clutter to get in your way. Drop up to 65 horses on the stern and show all the others nothing but wake. Super wide transom pulls skiers better than any other 14 footer. Teleflex Saf-T Steering puts you in command. V-140—modified to go.

Colors: Sunburst Yellow hull and deck, Black interior.

FISHERMAN CUSTOM

FIBERGLASS FISHING BOAT

Custom built for the river fisherman with both forward and rear swivel seats—plus room for a third over the live bait well. Customize your own steering by using any of three different accessory steering rigs: deluxe console control, forward foot pedal control, or forward stick control. And this tri-hull is wider than most for the stability needed to cast a fly or plug.

Colors: Bermuda Cream console, Rally Green hull.

FISHERMAN DELUXE

FIBERGLASS FISHING BOAT

Here's a fisherman's dream—swivel seat, live bait well, plug trays all around the deck. Yet it's just sporty enough that the kids may want to sneak it off for an afternoon of skiing when the sun's too hot to fish.

Colors: Bermuda Cream deck and console, Rally Green hull.

CHIEFTAIN-V

MARINE ALUMINUM CRUISER I.O.

Surround this one-room mansion with a lake-sized swimming pool and you've got the perfect weekend retreat. Folding helm and companion seats. Twin cabin lounge seats that convert into a wall-to-wall bed. Optional MerCruiser stern drives to 165 h.p. Built-in space for "Porta-Pottie." Full curtains and headliner in cabin.

Colors: Bermuda Cream hull, deck and cabin top, Green interior.

ISLANDER-V

MARINE ALUMINUM CRUISER I.O.

Spunky as a Runabout, Islander just happens to have a cuddy cabin, too. Inside, luxury cruiser appointments. Concave vee hull rounds out the roughest water. Power options of 120, 140, or 165 h.p. MerCruiser stern drives. New swept-back bow. Swivel helm and companion seats.

Colors: Bermuda Cream hull, deck and cabin top, Caramel interior.

For more information, call toll-free 1-800-222-2275. In California, 875-2275.

STARCHIEF-V

MARINE ALUMINUM CRUISER I.O. & O.B.

Express yourself in the express cruiser that will out-run runabouts. Premium pleasures without premium price. Wall-to-wall convertabeds included. Optional 120, 140 h.p. MerCruiser stern drives, outboard power as large as you can get. Twin helm seats are standard, too.

Colors: Bermuda Cream hull, deck and cabin top, Blue interior.

Aluminum Thickness: Hull bottom and ribs .080; hull sides .063; transom and bow .086; keel .077.

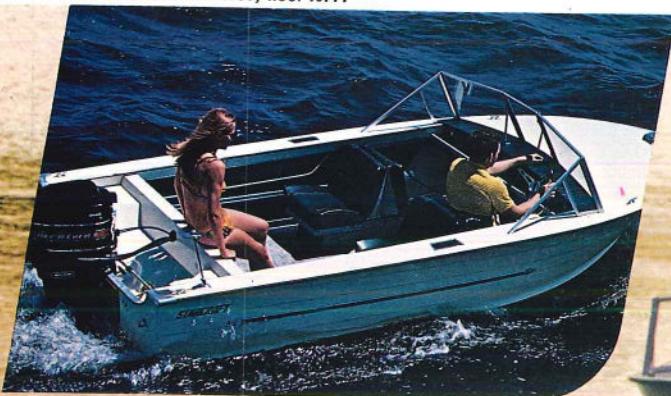

JUPITER-V

MARINE ALUMINUM RUNABOUT O.B.

Get out of the rat race. Break away to water-borne freedom. You name it. Jupiter can deliver. Fish. Ski. Scuba. Picnic. Do anything you please in the boat that's the pride of the marinas. Adjustable lounge seat headrests. Chrome-trimmed steering wheel. Sports car interior trimmings.

Colors: Bermuda Cream hull and deck, Black interior.

Aluminum Thickness: Hull bottom and ribs .068; hull sides .060; transom and bow .086; keel .077.

HOLIDAY-V

MARINE ALUMINUM RUNABOUT I.O. & O.B.

Blow away your worries as you skim along in this classic. The Holiday's equal to any kind of holiday. Cruising. Fishing. Skiing. Whatever's fun for you. New rakish bow. A standard equipment list a mile long. Walk-through windshield. Built-in ladder. Sleeper lounge seating. Available for outboard power or stern drives to 140 h.p.

Colors: Bermuda Cream hull and deck, Gold interior.

Aluminum Thickness: Hull bottom and ribs .080; hull sides .063; transom and bow .086; keel .077.

SPRINT-V

MARINE ALUMINUM RUNABOUT O.B.

Give hang-ups the heave-to. Scream off to the wild blue in a Sprint. It has the lean, low look of a sports car. Features to match. Convertible bucket seats. Speedster windshield. Chrome-trimmed steering wheel.

Colors: Bermuda Cream hull and deck, Caramel interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .060; transom and bow .086; keel .077.

FALCON

MARINE ALUMINUM RUNABOUT O.B.

Have your fun and afford it, too. This pretty water bird wings along with up to 40 outboard horses on the transom. Skiing. Speeding. Whatever turns you on. At a price that won't ruffle your budget.

Colors: Pacific Blue hull and deck, Blue interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .060; transom and bow .086; keel .077.

JET STAR-V

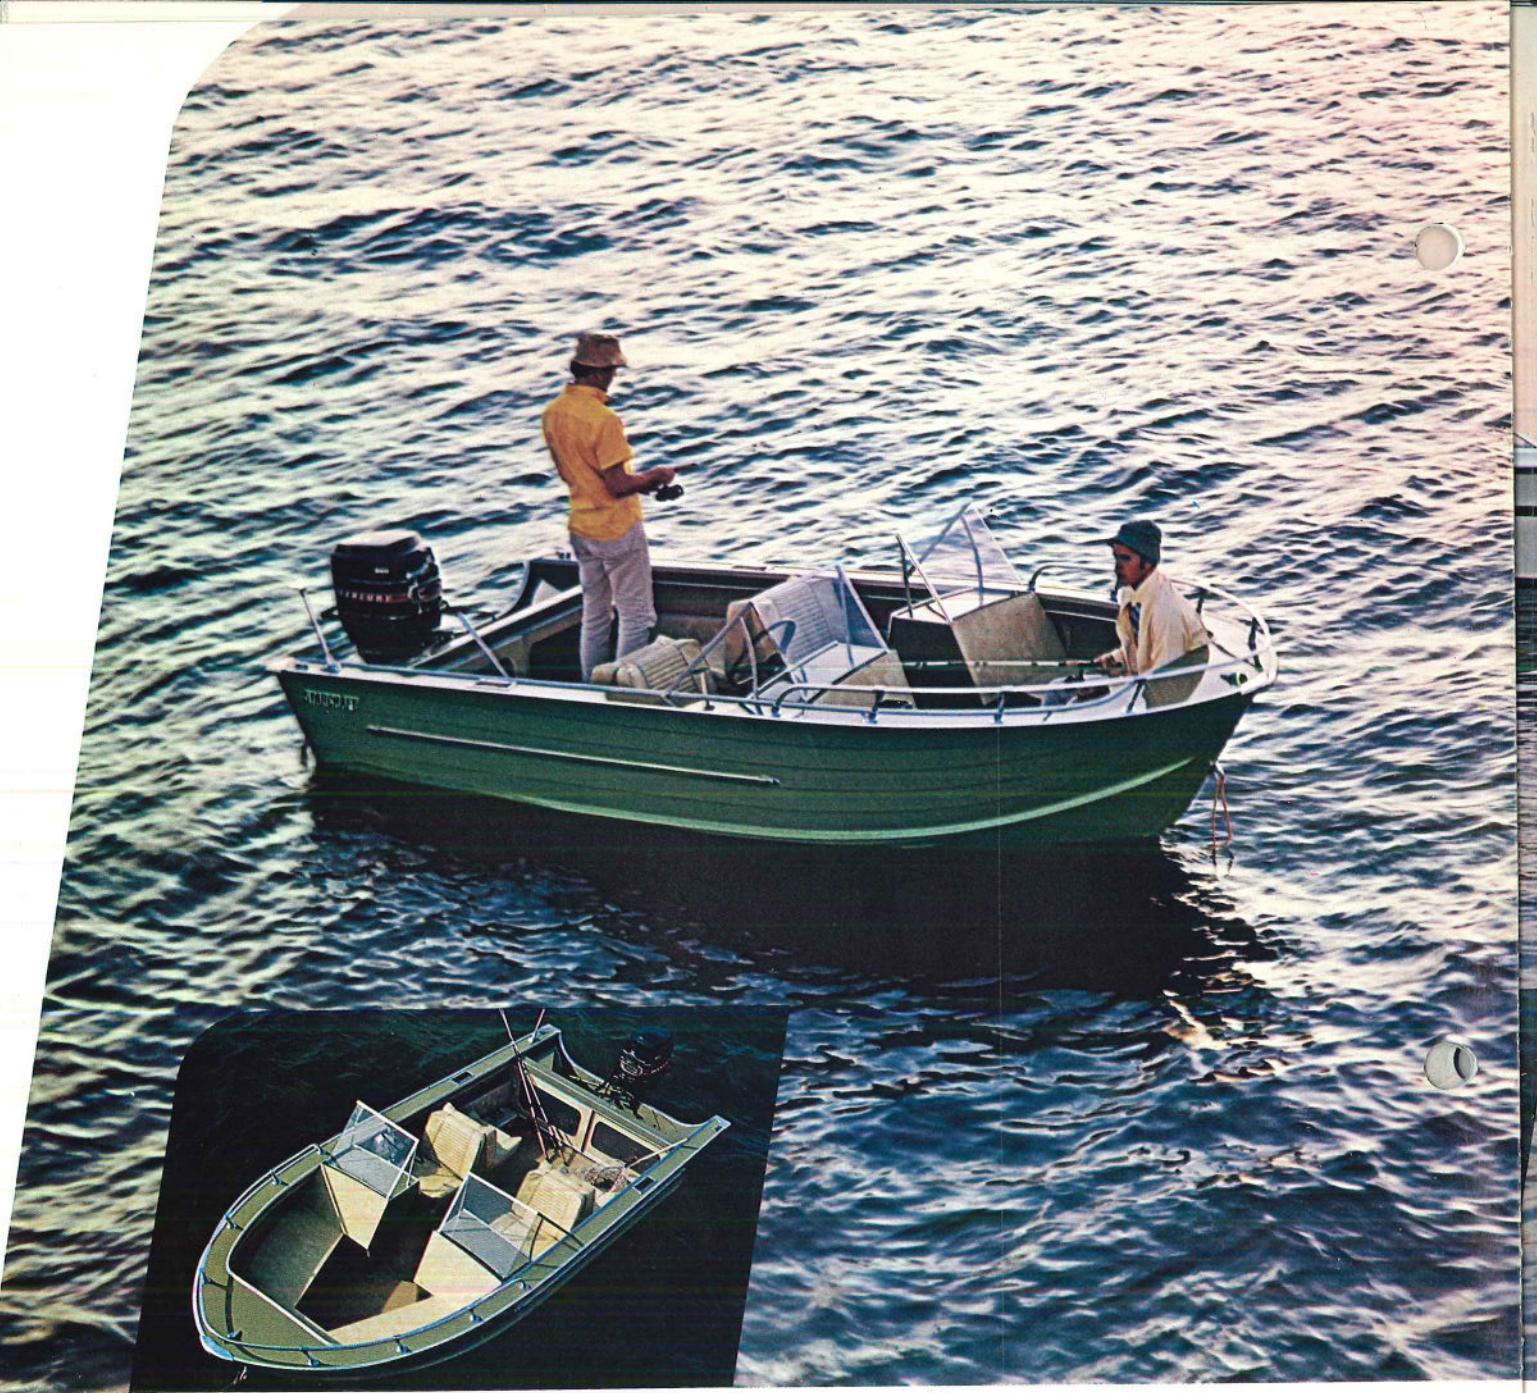

MARINE ALUMINUM RUNABOUT O.B.

Peel off and take your pick of anything on the water playground. Jet Star's a great all-around getaround boat. Priced to do it now.

Colors: Bermuda Cream hull, Pacific Blue deck, Blue interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .060; transom and bow .086; keel .077.

SUPER SPORT-V

MARINE ALUMINUM SPORTABOUT O.B.

The perfect weekend fun 'n games boat for the family. Name your sport, and you've got it big. Gear space galore. New adjustable lounge seat headrests. Open bow deck. Walk-through windshield.

Colors: Olive Green hull and deck, Gold interior.

Aluminum Thickness: Hull bottom and ribs .068; hull sides .060; transom and bow .086; keel .077.

OFFSHORE-V

MARINE ALUMINUM SPORTABOUT I.O. & O.B.

Swing out to the sporting life. The Offshore's game for anything. It has blitz power to whiz you to the hot spots. 120 or 140 h.p. MerCruiser stern drives or outboard power of your choice. The space of a small cruiser. New adjustable headrests and convertible sleeper seats.

Colors: Olive Green hull, Jade Green deck, Green interior.

Aluminum Thickness: Hull bottom and ribs .080; hull sides .063; transom and bow .086; keel .077.

MARINER-V

14' & 16' MARINE ALUMINUM SPORTABOUTS O.B.

Take off to funsville afloat. Fishing fun. Skiing. Scuba diving. Picnicking. Name your fun, and Mariner's the answer. Built-in steering console. Non-skid floor. Under-seat storage.

Colors: Olive Green hull and deck, Green interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .060; transom and bow .086; keel .077.

STAR TREK-V

15' & 18' MARINE ALUMINUM SPORTABOUTS O.B.

City got you cooped up? Let fly in the new fishing boat made by fishermen for fishermen. Swivel seats. Rod holders. Storage compartments. Everything's there. You just supply the fish. Available in 15' or all new 18' super Coho size.

Colors: Olive Green hull and deck, Caramel interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .060; transom and bow .086; keel .077.

SEAFARER

14' & 16' MARINE ALUMINUM FISHING BOATS

Fishing yarns are made on this one. So great a fishing boat it catches fish all by itself, they say. But believe this: it's wider and deeper and has more room to stow gear than anything in the 14' or 16' class.

Colors: Corsaire White hull, Green interior.

Aluminum Thickness: Hull bottom and ribs .065; hull sides .053; transom .086; keel .077.

SUPER STAR

12' & 14' MARINE ALUMINUM FISHING BOATS

If fishermen ever had a sweetheart, this is it. Her wide, stable hull has held still for many a landing. Her aluminum's thicker, too. So there are more years of fishing in her.

Colors: Corsaire White hull, Green interior.

Aluminum Thickness: Hull bottom and ribs .060; hull sides .053; transom .086; keel .077.

SEA SCAMP

12' & 14' MARINE ALUMINUM FISHING BOATS

Post the "Gone Fishing" sign and go anywhere they're biting with this big but portable boat. Built for cartop travel, it abounds in fishing features. Non-skid floor. Flotation material under seat.

Colors: Corsaire White hull, Green interior.

Aluminum Thickness: Hull bottom, ribs, and sides .051; transom .086; keel .077.

CARTOPPER

11' MARINE ALUMINUM FISHING BOAT

Take it light 'n easy. 92 pounds light, non-skid inside and stable wide angle bottom outside this low-priced 11 footer.

Colors: Natural aluminum hull, Tan interior.

Aluminum Thickness: Hull bottom, hull sides and ribs .051.

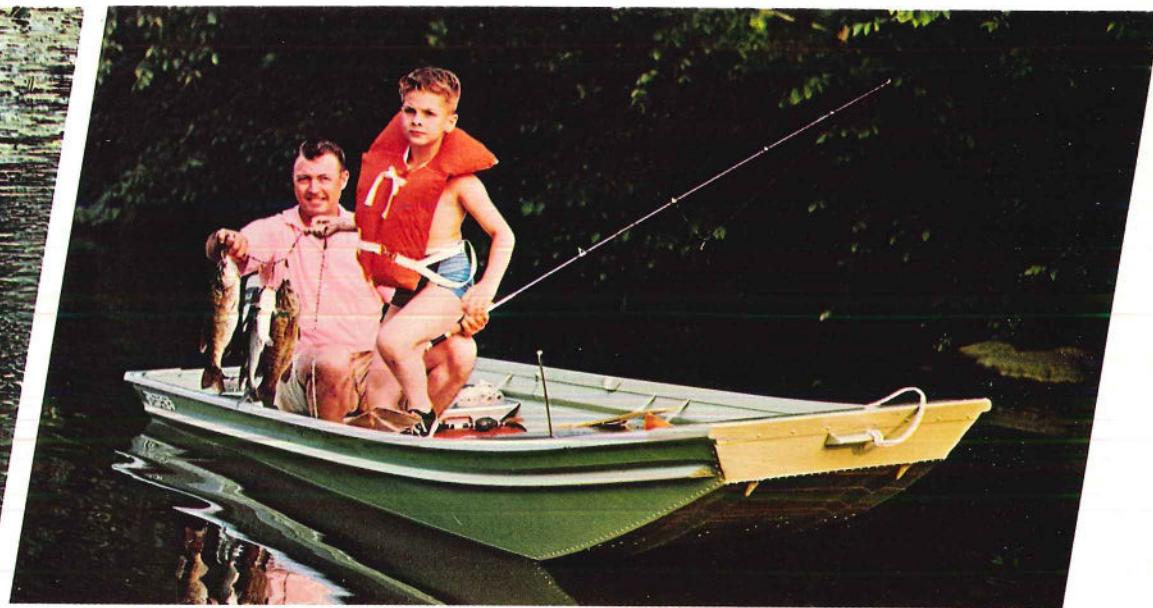

PRAM

9' & 12' MARINE ALUMINUM PRAMS

Steady as she goes. You're right on top of the action. Balanced for the most sensitive water sportsman. Flat bottom. All tough aluminum, riveted aircraft style. Pressed-in keels, shallow draft.

Colors: Olive Green hull, green interior.

Aluminum Thickness: Hull bottom, hull sides and ribs .051.

Starcraft's great escape machines.

Whether you're cutting loose on land, water or snow, there's a Starcraft to go on.

More than fifty boats—fishing boats, sailboats, runabouts, sportabouts and cruisers—have made Starcraft the leader of the pleasure boat fleet.

On land, Starcraft camping trailers, travel trailers and pickup campers are leading in the recreation vehicle parade.

And, the newest escape machines of all, snowmobiles—the best-in-snow.

Starcraft: the great escape machines!
